| # | IF YES, PLEASE LEAVE A COMMENT REGARDING YOUR EXPERIENCE. | DATE |

| 1 | The hybrid options were limited, that should be advertised more as some faculty were under the impression they could view all sessions in a hybrid format. Location was ok for in person. Breakout sessions were pretty good with topics that impact all Senates local and state wide. | 5/15/2023 9:29 AM |
| 2 | Starting in the hybrid mode worked well. I could participate and see what happens, but didn't have to commit to travel. | 5/15/2023 8:54 AM |
| 3 | It was a great learning experience. Food was great too! | 5/12/2023 10:58 PM |
| 4 | Well done! I appreciate the convenience of not having to travel and fight LA traffic. | 5/11/2023 10:22 AM |
| 5 | I absolutely LOVED the ability to attend in-person. The information was excellent and the sessions were very informative. I was able to bring a lot of information back to my district. What was not great was the breakfast service. | 5/10/2023 1:40 PM |
| 6 | I enjoyed attending the event remotely, but I will attend the next Plenary in person. | 4/27/2023 5:57 PM |
| 7 | I don't really learn anything new - didn't at either plenary. I really want sessions that get into the nitty gritty of things; however, they all seems to be overviews. For example, I was hoping the accreditation breakout would be ways to be better involved and I got the background of accreditation for 30 min... | 4/26/2023 10:43 AM |
| 8 | The hybrid event allowed me-with a disability that limits my ability to travel due to severe muscle weakness-an opportunity to attend. I only wish that all the sessions would have been available to me as a virtual attendee. Much of what I would have chosen was only available to those who are in-person. This is not equitable or inclusive. Charge the full amount and give access. | 4/22/2023 12:31 PM |

|---|-----------|------|
| 1 | Good to hear the different perspectives, current state of work/understanding, and learn the status of these topics across the state. | 5/17/2023 5:00 PM |
| 2 | It's going to be a very impactful change and we all feel lost at what we should be doing. It was nice to have the breakout session with the team working on it and what is currently happening. | 5/15/2023 9:30 AM |
| 3 | The ones I attended where good for learning more about teaching at this level. However, wish I could have attended them all. Would have liked all sessions to have posted their slides after the fact. | 5/12/2023 11:04 PM |
| 4 | Good leadership/speakers. Felt the most relevant. | 5/11/2023 4:28 PM |
| 5 | Unfortunately, legislation is responsible for creating initiatives that are all-consuming for us. Knowing what may be coming our way, and how we're tackling current legislated initiatives is extremely helpful. | 5/11/2023 10:14 AM |
| 6 | Very relevant | 5/10/2023 8:43 PM |
| 7 | AB928 and Cal-getc are big topics at my college. People are concerned about the impact on CC curriculum and enrollments. There were other breakout sessions that interested me, but they conflicted with other meetings. | 5/10/2023 1:52 PM |
| 8 | These rooms provided up to date information about issues we are dealing with now and that are upcoming. This was very helpful for planning ahead. | 5/10/2023 1:41 PM |
| 9 | I haven't explored this too much before. | 4/24/2023 6:40 PM |

| 1 | Most of what was relevant to my role was not available on Zoom. Moving forward, I don't know that I would attend on Zoom due to the high cost comparative to breakouts. | 5/17/2023 9:58 AM |
| 2 | Most likely, I will only be able to attend via Zoom for some time, as the cost of in-person attendance is prohibitive. | 5/15/2023 10:19 AM |
| 3 | I did not like that I kept having to get a code from my email, though. | 5/15/2023 8:56 AM |
| 4 | The sessions that I most wanted to attended were not offered virtually. | 5/10/2023 2:40 PM |

# Q24 Do you have any other comments, questions, concerns, or suggestions for improvement?

Answered: 24    Skipped: 20

| # | RESPONSES | DATE |
|---|-----------|------|
| 1 | Don't start so early. 9 am seems a bit more reasonable. 10 am would be even better. We're not all morning people. The brain is wired differently for some of us, which is why we don't teach at 8 am. I know my comment won't change anything. I'm in the minority... but I want you to know we are out there, braving these early morning meetings, suffering in silence, drinking endless cups of coffee. | 6/8/2023 3:52 PM |
| 2 | I think showing vote tallies in real time is inappropriate and could affect results. I also think the rushed finish of Saturday's voting, diminishes the serious nature of what we do. | 5/30/2023 12:48 PM |
| 3 | Keep up the excellent work! | 5/17/2023 5:01 PM |
| 4 | While I lucked out in that the sessions that I wanted to attend were on Zoom...but the fact that the majority of the breakouts were not accessible by Zoom is unacceptable. If this is truly a hybrid event, then almost all breakouts should be accessible virtually as well as in-person. | 5/15/2023 10:21 AM |
| 5 | Brown Act, I was unable to attend the session as I attended another, perhaps that should have been a general session as it impacts all senates | 5/15/2023 9:34 AM |
| 6 | Be more clear about what events are fully in-person and what can be attended remotely, and which must be attended remotely. | 5/15/2023 8:57 AM |
| 7 | Some people like myself are still "Covid-sensitive". The lunch tables and the round tables had too many chairs and I had to remove at least one chair each time I sat down. Breakout rooms where too small, and no consideration was given to attendees like myself. Too crowded. By Saturday, it was too much. The tables too close and chairs too close. I was severely uncomfortable. I had to move to the back of the room. Kayla was awesome and had the hotel set up a small table when using two chairs, one to sit and one for a "table", did not work. Staff kept standing in front of my set up. (Have photos, if needed). After getting tired and asking people to move so I can see the screen and speakers, I asked Kayla for help. She was so kind about it all. My suggestion, be more mindful of those who are "Covid sensitive". Or, ask if someone may be on the registration. I don't have the ability to ditch my mask, not wear gloves, but need to be extremely mindful of those around me. Its for health reasons. Again, thank you Kayla for your help and great attitude. It was greatly appreciated. | 5/12/2023 11:18 PM |
| 8 | Wish more of the breakout rooms had tables because a lot of us had laptops and its hard to type with it on your lap. Also wish the breakout rooms were bigger because COVID is still a thing. | 5/11/2023 4:32 PM |
| 9 | I was the voting delegate for our college, as I have been several times in the past. It has been a few years since I attended Plenary, and I realize that voting is different than it used to be. I brought my laptop to the voting session, and came early so that I could hear the instructions and get myself set up. It was very difficult to hear and follow along with the recorded audio instructions that were being played. It was also unclear from the instructions that the voting systems being used were different for candidates and for resolutions. It seems like there could have been a much better way to communicate the instructions for both voting systems. Finally, it also would have been helpful to have outlets in the room for those of us using our laptops to vote (there was only one outlet I found at the back of the room). I finally gave up on using my laptop to vote, and logged in on my Iphone. I did miss a couple of votes due to this. I think creating a handout with clear instructions (with visuals) for voting (both for resolutions and for candidates) prior to Saturday would be very helpful. If future venues will also not have power sources, I think it would also make sense to notify faculty that it would be better to vote using a phone than a laptop. | 5/11/2023 11:50 AM |

| 13 | The Poll Everywhere would not work on my computer or on my iPhone. I was logged in because my name appeared in the upper right of the Poll Everywhere page. Yet, it would not let me vote. The tech people could not help me. | 5/10/2023 1:55 PM |
| 14 | During the final session not everyone online was being recognized so the actions they were addressing were not heard. | 5/10/2023 1:55 PM |
| 15 | Consider moving all Plenary sessions to during the week instead of on a weekend. Childcare is extremely challenging on the weekends, and I honestly would rather not dedicate one of my few days off to work (which isn't compensated, especially relevant to any adjunct faculty). Online/hybrid session topics were limited, the technology used made it difficult to hear and interact in hybrid sessions. | 5/10/2023 1:46 PM |

| 22 | The breakout room screens (used for presentation of materials) were ALL TOO LOW and one could not see any of the information posted unless in front row. Also, not all PPTs were available online at the time of the session, making it hard to be efficient with notetaking and also follow along (because screens were so low we couldn't see info on them). | 4/24/2023 10:44 AM |
