		Information	

Please note: Staff will complete the grey areas.

DESIRED OUTCOME:

Solicit comments, questions, and suggested input to the first reading of a needs assessment survey, administered by the Relations with Local Senates Committee. A proposed goal is to collect the survey results at fall plenary.

BACKGROUND:

(Please include the following components: issue, implication, analysis, relevant ASCCC positions/resolutions/policies, or any other useful data or information.)

At the September 17, 2015 meeting of Relations with Local Senates Committee, discussion was centered on the charge and priorities of the committee. The following questions were considered:

- How does this committee “ACT” on the charge of the committee?
- How can the committee better deliver assistance to local Senate leaders?
- What can be done for more ASCCC to be more inclusive when it comes to events such as Plenary, regionals, Area meetings and institutes?
- Has a needs assessment ever been conducted in the past to hear from local Senate Presidents regarding what they need from the ASCCC?

Given this discussion, the committee drafted the attached survey with the goal of administering this during the fall 2015 plenary. The goal of this survey is to hear from local Senate Presidents on how both the ASCCC and the Relations with Local Senates Committee may better support the needs of local senate leaders and provide enhanced outreach to faculty who attend our events.

¹ Staff will review your item and provide additional resources to inform the Executive Committee discussion.
