Commendations from ACCJC visit to Laney

- ▶ Signature CTE programs
- ▶ Dedication to students in the face of myriad challenges
- ▶ Contextualized learning
- ▶ Integration of CTE faculty across campus and involvement with shared governance in wide range of areas

Biomanufacturing Students at Laney

- ▶ Diverse backgrounds & goals
 - ▶ Adult re-entry, retraining for new career
 - ▶ Recent high school grad, seeking vocational training
 - ▶ Post-Bac, seeking hands-on & additional training

CTE English 1A

- ▶ Contextualizes the English to careers
- ▶ Technical reading not as much literature analysis
- ▶ Students read and write the same amount as a regular Eng 1A but they read and write about their industries and careers
- ▶ Developed by ESL faculty

CTE programs and grant support

- ▶ helped with regional communication between programs
- ▶ Development of pathways between highschool and college programs
- ▶ Mapping of programs
- ▶ Acquiring new equipment or updating equipment

Challenges from ACCJC

- ▶ Employment tracking
- ▶ Program level assessments
- ▶ State exam certification
- ▶ Industry Advisory Board information

Employment tracking

- ▶ Laney has participated in Outcomes survey project
- ▶ Issues with communication of students back to programs
- ▶ Our faculty do individual tracking -personal contact, Linked in, Workhands
- ▶ Info for grants, Perkins funds, and ACCJC

Program Level Outcomes and Certification passing

- ▶ Program Level Outcomes - develop, assess, enter the data
- ▶ Passing rates of state exams for fields that require certification

Industry Advisory Boards

- ▶ Important to have meetings each year with IAB
- ▶ Minutes required for Perkins fund applications, other grants
- ▶ Central repository for minutes of meetings
- ▶ Discussion where is this information housed -Dropbox? on webpages?

Overall Challenges

- ▶ Some ways - not that much differentiation between CTE programs and transfer programs
- ▶ Many ways - unique challenges to CTE programs and departments, pressures on CTE faculty
