California Science Project Report

Submitted by Rebecca Eikey, appointed ASCCC representative to CSP Advisory Board

1. What is the California Science Project? <http://www.cspso.org/>

- The California Science Project (CSP) is a statewide support network for teacher professional learning and leadership development.
- Our programs align with the California's education priorities adopted by the State Board of Education and the new regulations of the federal [Every Student Succeeds Act](#) (ESSA) legislation passed in 2015.
- The CSP is organized in regional sites housed in science departments of universities and independent colleges throughout California.
- The CSP collaborates with science faculty, educators, schools and districts to provide effective and high quality science instruction, with a special focus on the needs of English learners, students in poverty, and students with low literacy.
- The CSP is part of the larger infrastructure of discipline-specific networks known as the [California Subject Matter Project](#) administered by the University of California, Office of the President.
- Maria C. Simani, UCR Physics Professor, is the Executive Director since 2011.

2. Advisory Board Members Provide Support to the California Science Project

Primary Responsibilities

- Review and make recommendations on proposals, scope of work, interim reports and annual budget for each CSP Site and for CSP State Office.
- Make recommendations to strengthen the quality of the work performed by CSP.
- Help recruit new members to the CSP Advisory Board.

Advocacy & Communication

- Help increase and maintain visibility within key stakeholders (CDE, SBE, state & federal policy makers).
- Assist with monitoring policy discussions and legislation.
- Recommend opportunities for funding.
- Maintain and improve relationships with respective appointing agency, including foundations, university campuses, and school districts.
- Recommend contacts and networking opportunities to further the strategic initiatives of CSP.

CSP Network Relationships & Work

- Support and contribute expertise to improve Sites' work
- Advise on future required work (e.g. CTE, NGSS)
- Identify and recommend priorities that need/deserve deep attention from site directors and SO
- Plan for visits to CSP sites during core events and programs
- Ensure Sites and SO reporting requirements are rigorous

Time Commitment

- Attend proposal review meetings once per year. These meetings are usually two days long.
- Periodically CSP SO will send out to Advisory Board members updates regarding progress of work via email or regular mail. Updates may require additional time commitment to attend phone conference calls/webinars or to respond on review materials.

Update: The meeting on Mar 25, CSP Advisory Board was when the board members reviewed current projects.

- These are 3-year grant awards and each year a review of their progress.
- This is the 3rd year of the grant so I was not assigned any to review.
- Fall 2019 will be the start of the new 3-year grant cycle.

As part of the onboarding, I attended the 3rd Annual NGSS Leadership Conference offered by the Ventura County Office of Education and the Regional Directors meeting held the following day (March 13-14). The onboarding will continue into the summer with invitation to visit a couple of sites. There is also a meeting Sept 12-13 of the Advisory Board to begin the next three year grant cycle.

APPROVAL OF AGENDA & MINUTES

Jodie Steeley called for a motion to approve May minutes.

Action: Lisa Beach moved, it was seconded by Vivian Varela and the motion passed with no opposition.

As a wrap up to the May meeting, Jodie advised that she had reached out to Rhonda Mohr to discuss the committee direction. Jory Hadsell reported that he had a conversation with Rhonda and she is satisfied with the direction of the committee.

PLANNING FOR 2019-20

Jory advised that he and Kate Jordahl had recently visited Compton College in advance of their becoming independent once again.

Jory shared the latest project numbers:

Home Page: page views - 206,434; website users - 81,253; ADTs - 75; CTEs - 64

CCC Canvas: active users - 1,154,230; active courses - 88,730

Ecosystem: proctored online exams - 139,285; students tutored online - 27,594; minutes of online tutoring for March 2019 - 248,640; online counseling appointments - 8,117; name pronunciations - 14,289

The Executive Team planning retreat focused on activities for 2019-20 with updated strategic themes of access, quality, completion, equity, and leadership. Conversations around the complete work plan are underway with guidance from the CCCCCO. The focus will be on measurable progress with fewer objectives to allow for focused efforts and emphasis on core elements. RFA project clusters have been consolidated from 14 to five with a draft work plan in progress. Next steps include refining measurable outcomes and review of the draft work plan with the CCCCCO.

Justin Schultz gave an update on Improving Online Pathways Grants and reported that 70 applications were selected for funding. Consortium colleges represented approximately 50% of the applications. Notifications will be done in June to prepare for grant award agreements. The deadline for appeals is June 14th and the intent is to begin awarding at the beginning of the new fiscal year.

LOCAL POCR

Autumn Bell advised that there are proposed name changes for the certificate in online course design fundamentals and the certificate in online teaching principles to reflect increased focus across the system before the Online Teaching

Conference (OTC). She reported that the focus over the coming years is to increase student access to high-quality online courses. A total of 224 courses have been aligned since 2015, and 96 of these have completed the Course Design Academy. In 2018-19, 122 courses were reviewed and 103 were aligned. Through year three of the current grant cycle, 589 courses have been aligned through the Course Design Academy. Two additional instructional designers have been hired and additional local POCR reviewers are needed to help meet the goal of 20% aligned courses. Autumn asked for guidance from the Advisory Committee to increase involvement. Jory advised that equity cohort colleges agreed to commit to aligning section inventory in the master consortium agreement. There was a group discussion on the quality of reviews and reviewers, rubric. norming, cost vs. value, and encouraging or incentivizing faculty participation.

ASCCC OERI May Update

Prepared May 22, 2019

Michelle Pilati, ASCCC Open Educational Resources Initiative Faculty Coordinator

May 2019 Progress and Plans - *The primary focus of Year 1 is the initiation of a process of assessing needs by disciplines, securing and supporting local OER contacts, increasing OER awareness, and preparing for resource development.*

- As we near the end of the spring 2019 term, the OERI Regional Leads have been verifying that the faculty OER Liaisons (OERLs) have completed their tasks for the term. OERLs who did so should be receiving their stipends by the end of the month.
 - Monthly OER and OERL newsletters distributed earlier this month.
 - The weekly webinars initiated 2-1-19 (Fridays at 9:30) continue, with topics scheduled through May 17. The schedule is available on the ASCCC website – or by using: tinyurl.com/ASCCC-OERIW
- OERI Friday 9:30 Webinars – May 2019

May 3	OER for Librarians - A Crash Course	Librarians are often the "go to" people for faculty considering OER. If you are in that role - or want to be in that role - what do you need to know? And how can you effectively help faculty on your campus?
May 10	Curating and Publishing OER Materials	For faculty who wish to adapt existing OER or create their own, how do they get started? And where do they place the content? This webinar will explore a few of the OER platform options available for faculty to house OER content, including LibreTexts, OER Commons, and Pressbooks.
May 17	OERI - What/s next?	After a very busy 1st term, what's next for the ASCCC OER Initiative? What has been accomplished since the Initiative's initial launch, what will be happening over the summer, and what can you expect in the fall? Join us for this end of the term debrief. Bring your questions, observations, and suggestions.

- OER Liaison Webinars – May 2019:

Friday, May 17, 10:30am	The ASCCC OERI - Liaison Debrief and Next Steps	This OER Liaisons' webinar is a chance to discuss what worked and did not work for liaisons during our 1st semester. In addition, it is an opportunity for the OERI to share its plans for the future - and to discuss the needs of the colleges.
Thursday, May 30, 9am, 10am, 11am	<p>Curating and Publishing OER Resources - An In-Depth Look at Three Platforms</p> <p>9am - 10am <u>Pressbooks</u></p> <p>10am - 11am <u>OER Commons</u></p> <p>11am - 12pm <u>LibreTexts</u></p>	Are you considering developing an OER text-equivalent or creating one by curating existing OER? These three webinars are a follow-up to an introductory webinar that introduced attendees to these platforms. In each of these one-hour sessions, a platform will be explored with a focus on the user experience. Topics to be addressed will include usability, accessibility, print options, attributions, available integrations, collaboration options, and interfacing with Canvas. Join us for one, two, or all three. Please note you must register for each webinar separately.

- The development of resources to facilitate expanding OER use at the local level is on-going. Resources are available to all within a Canvas site available at: tinyurl.com/ASCCC-OERI. The site is intended to be a dynamic resource for OERs and faculty with an interest in OER.
- Cohort 2 survey distributed with a due date of May 31, 2019.
- Analysis of OER availability data to identify GE areas and required courses for Cohort 1 degree and/or certificate attainment that lack OER and/or ancillary materials - in progress. ZTC grantees recently surveyed.
- Explore available technology to meet OERI needs - authoring/curating platforms were evaluate by OERI Leadership. Draft rubric was used to conduct an initial review of available technology. This initial review identified the 3 platforms that are the focus of the May 30 webinars for further analysis.
- Establish discipline-based resource collections and space for faculty dialogue – under development within the Canvas site. The site is also being reorganized.
- Our “Request for Letters of Interest” yielded a robust response with over 60 letters received from faculty at over 33 of our colleges. Information obtained during this process was used to develop a request for proposals titled “Academic Senate for California Community Colleges Open Educational Resources Initiative (OERI) - Summer and Fall 2019 Short-Term OER Development Projects” that is due at 5pm on May 30. The application is available at: tinyurl.com/ASCCC-OERI-May2019App. Reviewers will be convened the following week (June 4 and 5) and awardees will be notified by June 10.
- Awardees and other interested parties will be offered training and support for the use of one of three OER authoring/curation tools. The May 30 webinars noted above are intended to introduce the three platforms. Each platform will provide further “how to” training to interested CCC parties. A formal agreement has been established with Pressbooks to pilot its use at no-cost through December. The expectation is that our use of OER Commons will be limited to no-cost features and LibreTexts has no associated costs.
- Summer work will focus on supporting awardees and further development of the Canvas site.
- Review of My Open Math for accessibility by the CCC Tech Center is soon to be underway at the request of faculty from 3 colleges. OEI, LibreTexts, and OERI are all interested in identifying how we can expand the use of this homework system.
