This bill would suspend the appropriation to the High-Speed Rail Authority for the 2021–22 and 2022–23 fiscal years and would require the transfer of those amounts from moneys collected by the state board to the General Fund. The bill would specify that the transferred amounts shall be available, upon appropriation, to support K–12 education and to offset any funding reduction for K–12 education.

This bill would require the transfer of a sum of \$2,400,000,000, as a loan, from the unencumbered moneys appropriated to the authority before the 2020-21 fiscal year from the Greenhouse Gas Reduction Fund to the General Fund. The bill would specify that the transferred

moneys, upon appropriation, are available to support K–12 education and to offset any funding reductions for K–12 education in the 2021–22 Budget Act.

Official ASCCC Position/Resolutions: The ASCCC supports funding for education.

Status: Read first time 12-7-20

Notes: This bill was included to share some legislators interest in funding education.

[AB 89 \(Jones-Sawyer\)](#) – Peace Officers: minimum qualifications.

This bill would increase the minimum qualifying age from 18 to 25 years of age. This bill would permit an individual under 25 years of age to qualify for employment as a peace officer if the individual has a bachelor’s or advanced degree from an accredited college or university. The bill would provide legislative findings in support of the measure.

Official ASCCC Position/Resolutions:

Status: Read first time 12-7-20

Notes: This bill could affect Peace Officer Standards and Training programs at community colleges.

[AB 101 \(Medina\)](#) – Pupil instruction: high school graduation requirements: ethnic studies.

This bill would add the completion of a one-semester course in ethnic studies, meeting specified requirements, to the high school graduation requirements commencing with pupils graduating in the 2029–30 school year, including for pupils enrolled in a charter school. The bill would expressly authorize local educational agencies, including charter schools, to require a full-year course in ethnic studies at their discretion. The bill would require local educational agencies, including charter schools, to offer an ethnic studies course commencing with the 2025–26 school year, as specified.

Official ASCCC Position/Resolutions: The ASCCC has numerous resolutions supporting an ethnic studies requirement.

Status: Introduced 12/11/20

Notes: A similar bill, [AB 331](#) was vetoed by the Governor in September 2020. The Governor’s response included:

This bill, however, would require ethnic studies to be taught in high school at a time when there is much uncertainty about the appropriate K-12 model curriculum for ethnic studies. I have been closely monitoring the progress of the development of the K-12 ethnic studies model curriculum. Last year, I expressed concern that the initial draft of the

model curriculum was insufficiently balanced and inclusive and needed to be substantially amended. In my opinion, the latest draft, which is currently out for review, still needs revision.

I am directing staff in my Administration to work with State Board of Education President Linda Darling-Hammond and State Superintendent of Public Instruction Tony Thurmond to ensure that the draft ethnic studies model curriculum achieves balance, fairness, and is inclusive of all communities.

[AB 102 \(Holden\)](#) – College and Career Access Pathways partnerships.

This bill would extend those provisions related to CCAP partnerships indefinitely. The bill would also make nonsubstantive changes.

Official ASCCC Position/Resolutions: The ASCCC has supported CCAP in the past.

Status: Introduced 12/11/20

Notes:

[AB 103 \(Holden\)](#) – College and Career Access Pathways partnerships: county offices of education.

This bill would specify that “high school,” as used in the bill, includes a community school, continuation high school, or juvenile court school. The bill would also authorize county offices of education to enter into CCAP partnerships with the governing boards of community college districts in accordance with these provisions. The bill would make conforming changes.

Official ASCCC Position/Resolutions: The ASCCC has supported CCAP in the past.

Status: Introduced 12/11/20

Notes:

Senate Bills (SB)

[SB 20 \(Dodd\)](#) – Student nutrition: Eligibility for CalFresh benefits

This bill would require the board of governors to adopt regulations so that a student who qualifies for this fee waiver, and whose household income is below 200% of the federal poverty level, may also qualify for CalFresh benefits to the maximum extent permitted by federal law.

Official ASCCC Position/Resolutions: The ASCCC supports services to meet the basic needs of students.

Status: Introduced and read first time 12/7/20.

Notes:

[SB 26 \(Skinner and Bradford\)](#) – Collegiate athletics: student athlete compensation and presentation. [Fair Pay to Play Act]

This bill, the Fair Pay to Play Act, would make these provisions operative on January 1, 2022, or when specified rules changes adopted by the Board of Governors of the National Collegiate Athletic Association take effect, whichever occurs first. The bill would prohibit California postsecondary educational institutions except community colleges, and every athletic association, conference, or other group or organization with authority over intercollegiate athletics, from providing a prospective intercollegiate student athlete with compensation in relation to the athlete's athletic reputation, or preventing a student participating in intercollegiate athletics from earning compensation as a result of the use of the student's athletic reputation. The bill would prohibit an athletic association, conference, or other group or organization with authority over intercollegiate athletics from preventing a postsecondary educational institution other than a community college from participating in intercollegiate athletics as a result of the compensation of a student athlete for the use of the student's athletic reputation. The bill would prohibit the revocation of a student's scholarship as a result of earning compensation for the use of the student's athletic reputation.

The bill would prohibit a student athlete from entering into a contract providing compensation to the athlete for use of the athlete's athletic reputation if a provision of the contract is in conflict with a provision of the athlete's team contract. The bill would prohibit a team contract from preventing a student athlete from using the athlete's athletic reputation for a commercial purpose when the athlete is not engaged in official team activities, as specified. The bill would authorize a student athlete who prevails in an action brought against an institution for a violation of these provisions to recover reasonable attorney's fees and court costs, in addition to any damages or equitable relief, against the institution.

The bill would prohibit a postsecondary educational institution from denying a student athlete any rights provided to other college students at the institution, except as provided. The bill would make these provisions severable, as specified.

Official ASCCC Position/Resolutions: The ASCCC appointed a faculty member to serve on the work group required of SB 206 (Skinner, 2019).

Status: Introduced and read 12/7/20.

Notes: [SB 206 \(Skinner, 2019\)](#) – Collegiate athletics: student athlete compensation and presentation made California the first state in the nation to enact a law to restore to college athletes the right to earn compensation from their name, image, and likeness (NIL), or athletic

reputation. The CCCCCO convened a community college athlete name, image, and likeness working group composed of individuals appointed on or before July 1, 2020. The bill requires the working group to review various athletic association bylaws and state and federal laws regarding a college athlete's use of the athlete's name, image, and likeness for compensation and, on or before July 1, 2021, submit to the Legislature and the California Community College Athletic Association a report containing its findings and policy recommendations in connection with this review. This is in progress.

[SB 40 \(Hurtado\)](#) – Healthcare workforce development: California Medicine Scholars Program.

This bill would create the California Medicine Scholars Program, a 5-year pilot program commencing January 1, 2023, and would require the Office of Statewide Health Planning and Development to establish and facilitate the pilot program. The bill would require the pilot program to establish a regional pipeline program for community college students to pursue premedical training and enter medical school, in an effort to address the shortage of primary care physicians in California and the widening disparities in access to care in vulnerable and underserved communities, including building a comprehensive statewide approach to increasing the number and representation of minority primary care physicians in the state. The bill would require the office to contract with a managing agency for the pilot program, as specified. The bill would require the pilot program to consist of 4 Regional Hubs of Health Care Opportunity (RHHO) to achieve its objectives, and would require each RHHO to include, at a minimum, 3 community colleges, one public or nonprofit, as defined, 4-year undergraduate institution, one public or nonprofit, as defined, medical school, and 3 local community organizations. The bill would require the managing agency to appoint an objective selection committee, with specified membership, to evaluate prospective RHHO applications and select the RHHOs to participate in the pilot program. The bill would require each selected RHHO to enter into memoranda of understanding between the partnering entities setting forth participation requirements, and to perform other specified duties, including establishing an advisory board to oversee and guide the programmatic direction of the RHHO. The bill would require the selection process to be completed by June 30, 2022.

Official ASCCC Position/Resolutions: The ASCCC supports pathways and partnerships to improve the educational opportunities for community colleges students.

Status: Introduced and read 12/7/20.

Notes:

[SB 61 \(Hurtado\)](#) – Workforce training programs: supportive services.

This bill would require the California Workforce Development Board to establish and administer the Lifting Families Out of Poverty Supportive Services Program. The bill would require the board, upon appropriation by the Legislature for that purpose, to make \$50,000,000 in grants available to consortia, composed of combinations of local workforce development boards,

community colleges, or other stakeholders, that apply for funding to provide supportive services, as defined, and are approved in accordance with the bill.

Official ASCCC Position/Resolutions: The ASCCC supports pathways and partnerships to improve the educational opportunities for community colleges students.

Status: Introduced and read 12/7/20.

BACKGROUND:

In 2020, the Standards and Practices Committee received disciplines list revision proposals in the disciplines of **Film and Media Studies** and **Digital Fabrication Technology**. The Film and Media Studies proposal seeks to revise the current minimum qualifications, and the Digital Fabrication Technology seeks to establish a new discipline. Submitters of both proposals included the required documentation and support in their proposals. The summary documents were publicly posted prior to the fall area meetings and discussed at area meetings. Julie Oliver and Cheryl Aschenbach, Standards and Practices Committee chairs, facilitated the first hearing for these proposals during fall plenary along with members of the committee.

The *Disciplines List Revision Handbook* states that “The duty of the Executive Committee is not to approve revisions to the Disciplines List but instead to confirm that the process has been followed and that sufficient evidence exists for the proposal to be debated by the body. Once they have confirmed that the process has been followed and sufficient evidence exists, the Executive Committee will approve sending a resolution forward to the body for deliberation.” The Standards and Practices Committee requests that the Executive Committee confirm that the disciplines list revision proposal process has been adhered to thus far and that the Executive Committee act on the committee’s recommendation that sufficient evidence exists for the proposals to advance to second hearing for consideration of action by the delegates at spring plenary.

Attached are the summary sheets for each proposal, including first hearing testimony.

SECTION I: REVISIONS TO DISCIPLINES (MASTER'S)

PROPOSAL #1:

Proposed Revision Discipline: Film and Media Studies

Organization: Santa Barbara City College Academic Senate

Current Minimum Qualifications:

Master's degree in film, drama/theater arts or mass communication

OR

Bachelor's degree in any of the above

AND

Master's degree in media studies, English or communication

OR

the equivalent.

Proposed Change:

Master's degree in Film/Cinema and Media Studies, Film, Television, and Media Studies, Drama/Theater, Mass Communication

OR

Bachelor's degree in any of the above

AND

Master's degree in Visual Studies, Media Studies, English, or Communication

OR

the equivalent.

Rationale:

The Minimum Qualifications for Film Studies are out-of-date and need to be updated to reflect the current changes in the field of Film and Media Studies in the last 20-30 years. In the 1960s and 1970s, Film Studies courses were developed throughout colleges and universities in departments that had an affinity with film: English, Theater, Drama, Communication, for

example. Since then, the field has grown tremendously, and departments were created to house Film Studies and later Film and Media Studies courses. Initially many departments such as the University of California at Los Angeles, the University of California at Santa Barbara, the University of California at Los Berkeley, and the University of Southern California offered graduate degrees in Critical Studies within a Film and Television department or Rhetoric with an emphasis in film; but in the last 10-15 years, most departments nationwide, and specifically in California, have changed their names to reflect the type of scholarship the field was focusing on and that graduate students were conducting. The appropriate names are: Film and Media Studies, Cinema and Media Studies, Film Studies, Cinema Studies, and Critical Studies for Film, Television, and Media. The key appropriate terms are Film and Cinema Studies.

Updating the Minimum Qualifications for Film Studies instructors to degrees that match current department names at California public universities will have a positive impact on departments and on candidates. This will improve and expand the pool of candidates for future adjunct and full-time positions, as well as specify to candidates what degrees are needed to teach in Film Studies, including field appropriate titles like Film Studies and Cinema Studies.

An argument against this proposal could be that too many candidates will apply for Film Studies positions thus expanding candidate pools for colleges and departments. This argument does not consider the vast changes in the field of Film and Media Studies in the United States but even more specifically in California. There are multiple graduate degree departments in Film and Media Studies available in California that have expanded and grown graduating many potential candidates for Film Studies departments at community colleges. The change in minimum qualifications will expand the quantity of candidates who apply for a position and will focus the pool of candidates to those who are specifically qualified to teach in Film Studies.

Departments and academic fields have become more specialized in the last 10-20 years with specific departments for Theater, Film and TV Production, Communication Studies, and Media Production, all with specific requirements and degrees. Film Studies is a separate field and needs to have updated minimum requirements that match that include past MQs but also includes appropriate department titles.

Consultation with Professional Organizations

The Santa Barbara International Film Festival, a professional organization, supports this proposed revision to the Minimum Qualifications for Film and Media Studies. Michael Albright, Director of Programming, and Roger Durling, Executive Director have indicated their support of the proposal.

Dr. Jan-Christopher Horak, Director of The UCLA Film and Television Archive supports the proposal.

Demonstrated Balance of Need across the State and Discipline Second from another District

Two community college districts support this proposal, indicating their frustration with the current Minimum Qualifications, and they are both fully supporting this change. The two districts are:

- **Moorpark College, Ventura County Community College District: Rolland Petrello, Chair of Communication Studies and Media Arts**

- Long Beach City College: Alison Hoffman-Han, Assistant Professor, Film Studies, Visual & Media Arts Department

Additionally, faculty in Film Studies and Film and Media Studies departments at Chapman University, University of California Irvine, and University of California Santa Barbara support the proposal.

NEW DISCIPLINE PROPOSAL

PROPOSAL #2:

Proposed Revision Discipline: Digital Fabrication Technician
Organization: Laney College, Oakland

Proposed Minimum Qualifications:

2 years professional experience
AND
Any bachelor's degree or higher

OR

6 years of professional experience
AND
Any associate's degree

Rationale:

The field of Digital Fabrication Technology is an emerging but established field within Advanced Manufacturing that combines a wide variety of manufacturing techniques, machines, software, materials, and hand skills to create consumer and industrial parts and assemblies. Technicians specialize in prototyping and rapidly producing parts and projects for clients in a small to medium scale, with high attention to detail and turn around. The industry works with all mediums such as wood, plastic, metal, composites, and textiles. Digital Fabrication shops expect their technicians to have basic machining, wood working, and carpentry skills, as well as advanced 3D design software programming abilities. The average rate of pay for a Digital Fabrication Technician in California is \$25 per hour. The short-term nature of this training combined with its potential for gainful employment in a meaningful career make Digital Fabrication Technology a highly demanded skill.

The current list of minimum qualifications does not include Digital Fabrication Technology. The fields of

machining, carpentry, and cabinet making do not fully encompass the broad set of skills and expertise needed to teach Digital Fabrication Technology. For state programs to succeed, we need a refined and acknowledged set of minimum qualifications that institutions can use to hire the most effective teachers for our students.

Consultation with Professional Organizations:

Shop Leaders, a large consortium of digital fabrication technology shops and services in Northern California, has guided the development of our programs and strongly supports our need to refine the hiring process for Digital Fabrication Technology and create minimum qualifications. Their letter of support is attached.

The Fab Foundation is a national organization that supports the development of FabLab programs in Digital Fabrication Technology. It is a network of resources for professionals, educational institutions, and community hubs. You can quickly check it out here:

<https://fabfoundation.org/about/#about-intro>. Their letter of support is attached.

To analyze the needs of the regional industry, the Laney College Career and Technical Education (CTE) department conducted a Discovery of Curriculum (DACUM) performed by PROPOSAL #1: Proposed New Discipline: Digital Fabrication Technician Organization: Laney College, Oakland The Ohio State University in 2018. Regional members from the Digital Fabrication trade outlined the skills and qualities required in a proficient Digital Fabrication Technician. The results of the DACUM led to the creation of three certificates of achievement for Digital Fabrication, each with their own emphasis on machining, wood technology, and engineering.

Impact of proposal across the state

Minimum qualifications for Digital Fabrication Technology do not currently exist. We expect a submission into the minimum qualifications handbook will allow schools from across the state to more accurately find and hire the proper personnel and faculty for their programs.

Pro:

- The field of Digital Fabrication Technology gains legitimacy as a growing field and industry that will impact our students in the next 10 years
- Identifying the proper minimum qualifications for faculty will help get people who have the most current knowledge of the subject to educate our students with the current industry needs

Con:

- Some schools may find it challenging to find proficient hiring candidates if the minimum qualifications are too stringent. However, due to the nature of Digital Fabrication Technology, a broad set of skills from a variety of advanced manufacturing industries may be constituted as someone working in Digital Fabrication Technology

Demonstrated Balance of Need across the State and Discipline Seconded from another District

The proposal is seconded by Thomas Cappelletti (Faculty Project Director, SCC Maker Space, Sacramento City College) as well as Payson McNett from Cabrillo College. Additional support has been indicated, and Karen Cook (Drafting Instructor, Maker Space Coordinator at Solano Community College) and Alina Varona (Dean of Workforce and Career Education, College of Marin)

SPM Design is a full service interdisciplinary design studio and fabrication company, based in Orange County. SPMD has worked with architecture firms and other clients throughout the country to design and fabricate sculptures, graphic environments, and large-scale architectural installations. Digital fabrication is critical to every project we work on, from graphics for building exteriors and interiors to CNC fabrication of public furniture and art. Digital fabrication requires thorough training that is difficult to achieve by experience alone. As a result, finding qualified technicians, designers, and engineers is not easy.

As our industry grows throughout California, and as our displaced local workforce seeks employment in our sector, it is important that we partner with California community colleges that provide fast and effective workforce training programs. Laney College's Digital Fabrication certificate is a program we believe satisfies that goal, and we hope to similar programs created throughout the state in the future.

California is the nation's largest state, and getting our workforce trained, retrained and back to work is critical for the economic recovery of the nation. California community colleges are in the best position to retrain our currently weakened workforce because they provide easy access to affordable and excellent faculty, facilities, and established programs that have shown their ability to get students hired for well paid jobs. Laney College's CTE program has proven to be one of the best workforce training divisions in the Bay Area, and we are excited to support them.

Shop Leaders Group

Letter of support for Laney College's Digital Fabrication Technology program

To Whom it May Concern,

The Shop Leaders Group is a collection of people that focus on managing and leading fabrication shops across CA. We began meeting with a handful of people over 4 years ago and today our membership has grown beyond 50 people to include professionals across the state of California from private industry and education. This group formed to crowdsource solutions and share best practices for a myriad of challenges that our industry faces. One of the primary areas of focus is finding, training and retaining talent, as there is a huge lack of appropriately skilled people available. As the use of Digital Fabrication technologies in nearly every industry increases, we will continue to have a hard time hiring qualified people unless there is a large increase in training and education.

As our industry grows in California, and as our displaced local workforce seeks employment in our sector, it is important that we partner with California community colleges that provide fast and effective workforce training programs. Laney College's Digital Fabrication certificate is a program we believe satisfies that goal, and we hope to similar programs created throughout the state in the future.

Letter of support for Laney College's Digital Fabrication Technology program

To Whom it May Concern,

The Fab Foundation formed in 2009 to facilitate and support the growth of the international fab lab network as well as the development of regional capacity-building organizations. The Fab Foundation is a US non-profit 501(c) 3 organization that emerged from MIT's Center for Bits & Atoms Fab Lab Program. Our mission is to provide access to the tools, the knowledge and the financial means to educate, innovate and invent using technology and digital fabrication to allow anyone to make (almost) anything, and thereby creating opportunities to improve lives and livelihoods around the world. Community organizations, educational institutions and non-profit concerns are our primary beneficiaries.

As our industry grows nationwide, and as our displaced local workforce seeks employment in our sector, it is important that we partner with California community colleges that provide fast and effective workforce training programs. Laney College's Digital Fabrication certificate is a program we believe satisfies that goal, and we hope to see similar programs created throughout the state in the future.

BACKGROUND:

In alignment with ASCCC Strategic Plan Objective 2.1.c., which calls for an increase in part-time faculty involvement in senate activities, the Part-time Committee (PTC) submits the following request:

- Name change of the Part-time Faculty Leadership Institute to the Part-time Faculty Leadership Conference beginning in 2022.
- Rationale:
 - *Conference* conveys a more collaborative spirit.
 - *Conference* resonates more favorably with part-time faculty on the 2020-2021 ASCCC PTC and other colleagues.
 - *Conference* is less of a militarized term than “institute.” PTC members have concerns with such terminology in light of current popular online militarized role-playing games called “institutes.”

On CVC.edu, courses are badged as “quality reviewed” and filter to the top of search results if an individual faculty member brings the course through @One’s [Course Design Academy](#) or if an individual instructor completes [local peer online course review \(POCR\)](#) at a POCR Certified Campus. As professional development is essential to the review process, these means of earning a quality reviewed badge are specific to a single instructor teaching a course. Faculty and CIOs have inquired about instances in which instructors use the same Canvas shell and materials and have expressed frustration that in cases which a course is already quality reviewed for one instructor, another instructor using the identical course and Canvas shell still must complete the entire process for the section to be badged as quality reviewed, even if that instructor has brought other courses through the process. At the December 9, 2020 CVC-OEI Advisory Committee meeting, independent course alignment was proposed as a means of appropriately badging quality reviewed courses in cases in which a course is reviewed and fully CVC-OEI Course Design Rubric-aligned and faculty have already received a badge for a course by completing the Course Design Academy, undergoing local POCR, or obtaining the CVC/@One Online Teaching & Design Certificate.

In the proposed model, each faculty member teaching a badged course would still receive professional development focusing on the rubric in any of the three ways currently available, but every section of every course by every faculty member would not need to go through the full process. Instead, the proposal indicates the following:

POCR Certified Colleges [would] submit fully aligned courses not tied to (independent of) individual instructors.

- *Course is reviewed and fully aligned through the college’s local, certified process.*
- *Sections of the aligned course taught by eligible faculty can display the Quality Reviewed badge:*
 - *Earned a Quality Reviewed badge for a course aligned through CDA.*
 - *Earned a badge for a course aligned through Local POCR at a POCR Certified school.*

¹ Staff will review your item and provide additional resources to inform the Executive Committee discussion.

•*Certified to teach online through CVC/@ONE (The Online Teaching & Design certificate)*

At colleges where multiple faculty in a discipline share identical Canvas courses, the current process exhausts time and resources unnecessarily by requiring that the same course be reviewed separately for each faculty member teaching it. The rationale behind the current process is that each faculty member should experience the professional development of aligning their course to the rubric to inform their pedagogy and approach. The proposed model accounts for this consideration by requiring that through independent course alignment, while the course itself would only need to be reviewed once to be quality badged, each section of the shared course could only be badged once instructors completed one of the three requirements that still apply in the status quo.

During the December, 2020 CVC-OEI Advisory Committee meeting, some shared enthusiasm for this proposal, given historical requests surrounding the unique obstacle in attaining quality review badges at institutions where multiple faculty share identical course materials. The proposal would also assist CVC-OEI consortium colleges in achieving their requirement of aligning a certain percentage of their courses with the rubric per the CVC-OEI Master Agreement. However, one member raised a question about intellectual property.

For this model to succeed, local considerations should be taken into account, and faculty should be responsible for determining if they want to submit a shared course for independent course alignment. The proposal should not be construed as the ASCCC's or CVC-OEI's endorsement that a college's administration can dictate to their faculty curricular requirements or detailed course content. Independent course alignment would not be applicable in cases in which different sections of the same course have different Canvas shells or present the material differently. Independent course alignment can serve as an asset to colleges at which faculty share Canvas courses already and can help better inform students on CVC.edu of the quality of the course, but it should augment, not replace, the existing means of achieving quality review badging. The CVC-OEI Advisory Committee Co-Chair indicated that committee members should take the proposal back to their constituencies for careful consideration before the CVC-OEI Advisory Committee would act.

[Resolution 11.02 S17](#) asserts that “high standards, including review of courses by trained faculty reviewers and determination of alignment with the OEI Course Design Rubric by those same faculty reviewers, remain in place to ensure that courses offered on the OEI Course Exchange are of superior quality, of appropriate rigor, and offered and supported locally prior to being offered on the OEI Course Exchange.” The CVC-OEI leadership and project staff have consistently been responsive to ASCCC's direction on academic and professional matters and have acted as collegial and respectful partners.

The Executive Committee should take action to endorse the proposal or provide direction on how to improve the proposal to inform the discussion of independent course alignment at the next CVC-OEI Advisory Committee meeting.

Course Design Rubric for the Online Education Initiative

In order for a course to be offered as a part of the Online Education Initiative (OEI) course exchange, it must meet established standards relating to course design, instruction, and accessibility that are intended to promote a quality learning environment that conforms to existing regulations. Prior to the submission of a course for OEI consideration, it is helpful for the faculty member to review these guidelines and conduct a self-evaluation. The outcome of this self-evaluation is a component of the OEI Course Application process.

The Course Design Rubric for the Online Education Initiative consists of 4 components:

- A. Course Design** - Course Design addresses elements of instructional design. For the purpose of this program, course design includes such elements as structure of the course, learning objectives, organization of content, and instructional strategies.
- B. Interaction and Collaboration** - Interaction and Collaboration can take many forms...

C. Assessment - Assessment focuses on instructional activities designed to measure progress towards learning outcomes, provide feedback to students and instructor, and/or enable grade assignment. This section addresses the quality and type of student assessments within the course.

D. Learner Support - Learner Support addresses the support resources made available to students taking the course. These resources may be accessible within or external to the course. Specifically, learner support resources include...

Rubric Revisions

A major revision was explored in Fall 2019 but was put on hold based on feedback from Campus POCR Leads and DE Coordinators.

- Instead, a minor revision was released in April 2020.

Rubric revisions are based on:

- Emerging issues raised by reviewers, instructors and Instructional Designers.
- Input from our pool of lead reviewers and POCR facilitators.
- Results of testing in draft form before wide release.
- Major revisions are brought to ASCCC members on the CVC Advisory Committee.

- Through completion of [Course Design Academy](#).
- By participating in [Local Peer Online Course Review](#) at a POOCR Certified Campus.

Currently the ASCCC does not have a formal way to follow up with local academic senate presidents after requested Local Senate Visits. The Relations with Local Senates Committee (RwLS) was tasked with creating a survey to send to Colleges after a visit. The committee requests that the Executive committee review, provide input and potentially approve the survey. The goal would be to start using the survey for Spring 2021 visits.

BACKGROUND:

Ensuring Learning: Accessibility & Flexibility in Equity-Driven Curriculum

The Academic Senate for California Community Colleges invites everyone from throughout the California Community College system to the ASCCC Curriculum Institute 2021. Faculty, classified professionals, administrators, students, and all higher education stakeholders are critical in considering the impact curriculum and curriculum processes have on our students and communities. This year's theme addresses all aspects of curriculum with the intersections of college constituents through an equity lens from the basics and beyond. General sessions, breakouts, and convenings are intended to be proactive and responsive to the dynamics and realities of our student's educational endeavors while addressing opportunities and challenges in equity-driven systems and the critical time for change.

This year's Curriculum Institute will be held from **July 7th – 9th**, 2021 in a virtual format.

The Executive Committee will be updated on the ASCCC Curriculum Institute and determine contributions from the ASCCC committees and taskforces as well as Executive Committee members for this event. In addition, the Executive committee will generate ideas for the general sessions to be considered by the ASCCC Curriculum Committee during planning.

The Relations with Local Senates (RwLS) committee was tasked with drafting a DEI survey to be sent out to local academic senate presidents in conjunction with the local senates survey. The goal of this survey is to gather data on the DEI work being done at colleges. The questions in the survey are based on

- 1) [CCCCO DEI Taskforce Recommendations](#)
- 2) [Chancellors Oakley' Call to Action](#)
- 3) [Special Message from Past ASCCC President John Stanskas](#) (2020)

As part of the process of drafting this survey the RwLS committee consulted with John Stanskas and Mayra Cruz, ASCCC representatives on the CCCCCO DEI Task Force.

The committee has purposely suggested questions with follow up questions on action rather than just a scale. The committee felt that, although this would make the survey more complex, that DEI work was worth the extra time and effort.

The RwLS proposes to hold a couple of "let's work on the survey together" webinars for ASCCC presidents to get together online to fill out the survey and get a chance to talk to and bounce ideas of each other.

¹ Staff will review your item and provide additional resources to inform the Executive Committee discussion.

DEI Survey Draft

Academic Senate Presidents,

As part of the ASCCC Commitment to Diversity, Equity and Inclusion (DEI) and Anti-Racism we ask you to fill out this survey on your college/senate's work centered on DEI. These questions were designed to align with the [CCCCO DEI Taskforce Recommendations](#), [Chancellors Oakley' Call to Action](#) and the [Special Message from Past ASCCC President John Stanskas](#).

The ASCCC understands that DEI and Anti-Racism work is systemic work and takes time, we don't expect your college to have completed all the areas of this survey. The intent of the survey is to see what progress had been made in our system. Since DEI questions cannot be answered just with a yes or no we ask that you take the time to share with us your progress and barriers in the text boxes. Share with us what is being implemented at your college, barriers you have faced or are now facing, and how the ASCCC can support your DEI and Anti-Racism goals. We know this will take a few more minutes but the DEI work we do at our colleges is essential to changing structures, systems and supporting our faculty and students.

Thank you for your participation,

ASCCC Executive Committee

BACKGROUND: In responding to the movement to eradicate racism and advance equity, diversity and inclusion, the ASCCC and the California Community Colleges must acknowledge and honor the five hundred and seventy-three (573) federally recognized Native tribes in addition to all terminated and unrecognized tribes. California's historical record shows that the first Governor of the State of California explicitly called for the extermination of Native peoples, and there continue to be eighteen (18) unratified treaties with California tribes that the federal and state governments refused to honor. The Community College Chancellor's Office, ASCCC Office, and every one of the 116 colleges are situated on and were built on Native land contributing to erasure, displacement, dispossession and attempted eradication of all original and tribal peoples to this land.

The Executive Committee is asked to discuss and approve the request to include a land acknowledgement and statement as a new practice in ASCCC plenaries, main events, and Executive Committee meetings.

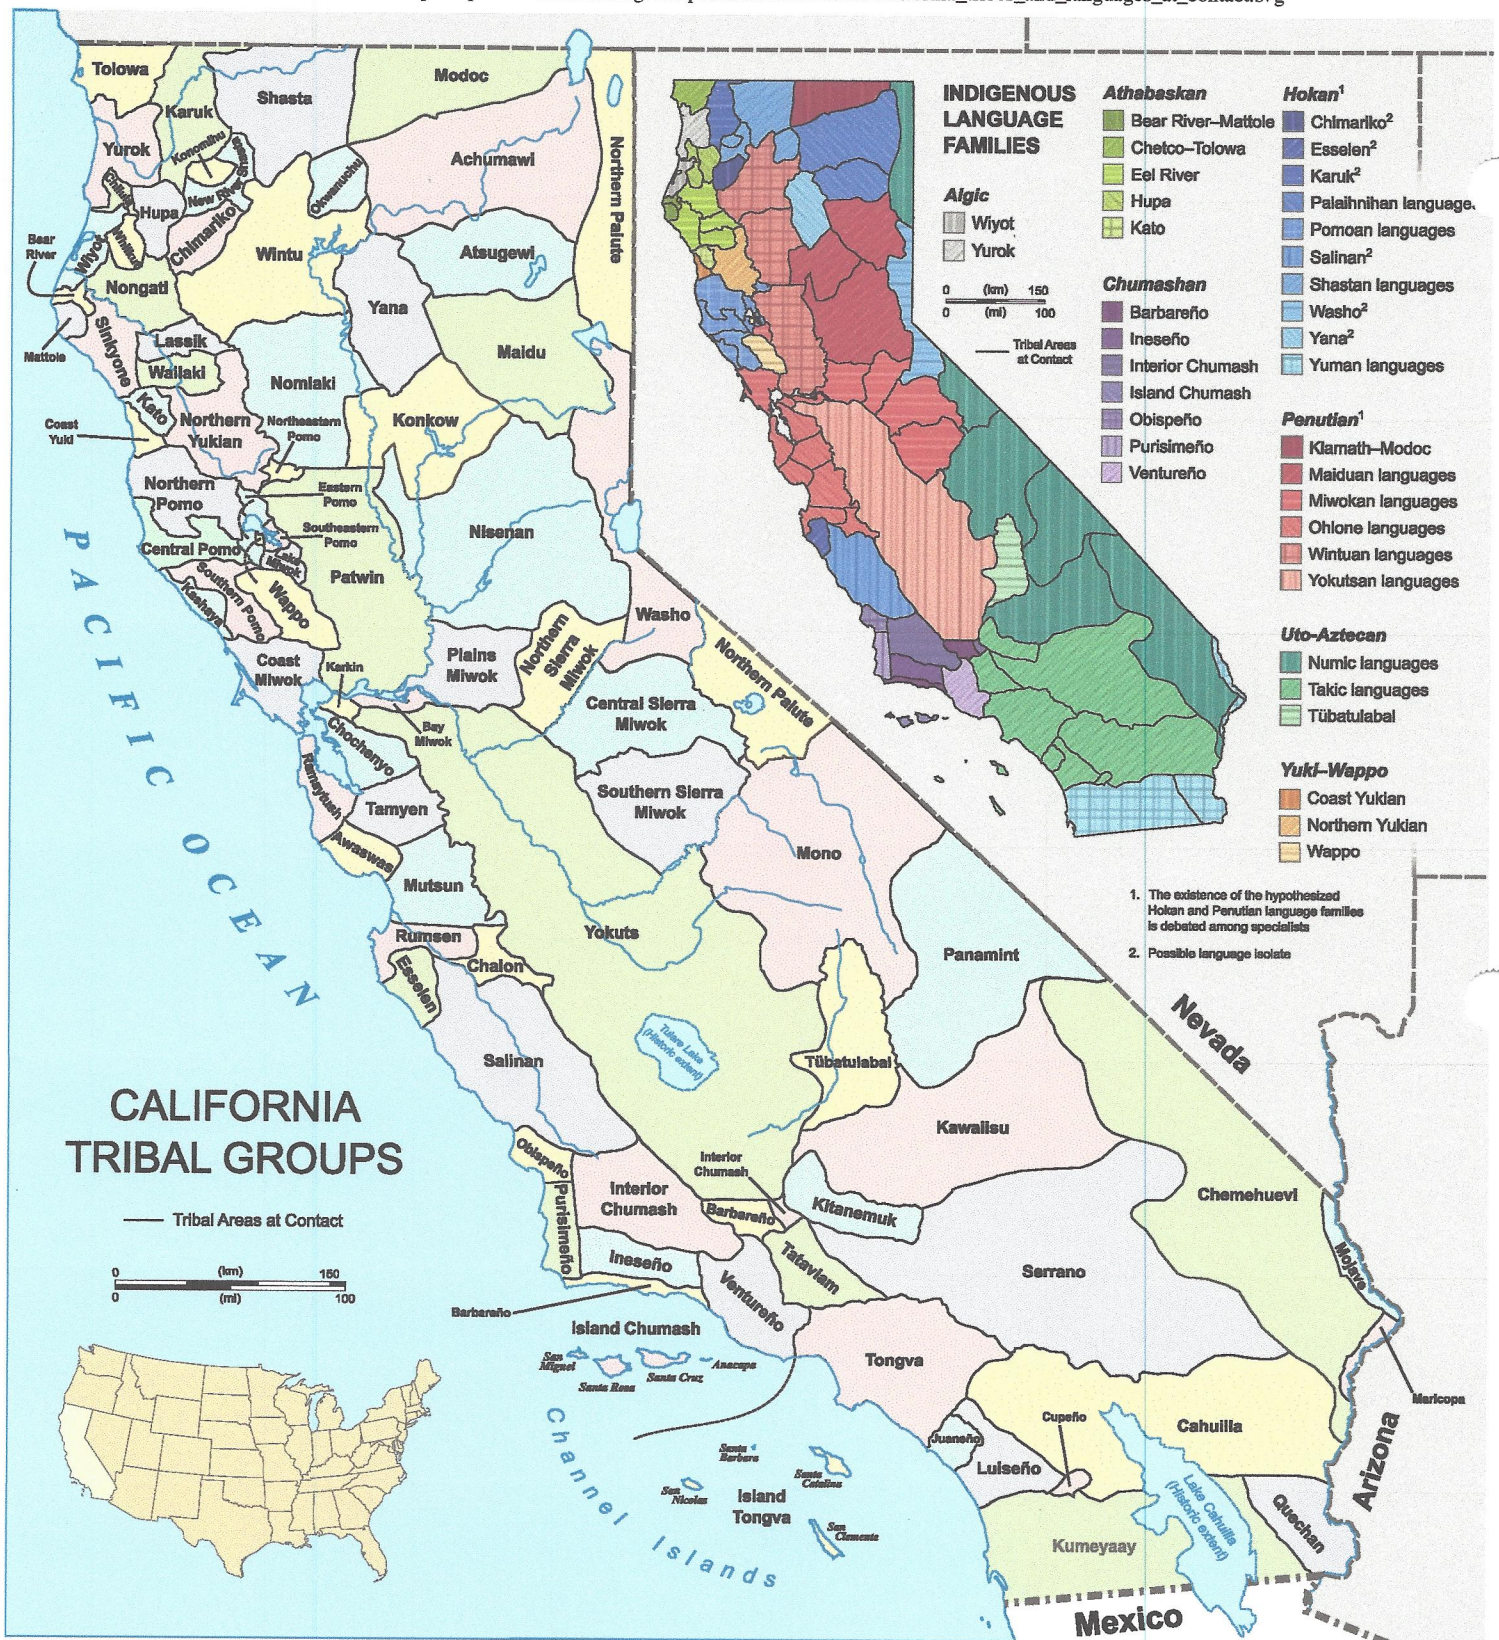

This is a sample of a land acknowledgment and statement.

We begin today by acknowledging that we are holding our gathering on the land of the "name" the Nations who have lived and continue to live here. We recognize the "name" the Nations and their spiritual connection to "name" the land as the first stewards and the traditional caretakers

BACKGROUND:

The ASCCC proudly introduces the new Faculty Empowerment and Leadership Academy (FELA), a one-to-one mentoring program designed to meet the needs of our diverse faculty in the California community college system. The program will provide opportunities for participants to engage in empowerment for personal and professional development, including networking opportunities and support through an entire year (starting in Spring 2021 and ending in summer 2022).

FELA will focus on the development of faculty from historically underrepresented groups in higher education. The academy will provide opportunities to connect with leaders from across the state, to empower faculty to seek leadership roles, and to provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.

Program Mission:

ASFCCC Innovation Scholarships Proposal

Description:

The Foundation for the Academic Senate for California Community colleges proposes to create a process for Innovation Scholarships to further the professional development goals of California Community College faculty (full and part time).

The goal of these grants would be for faculty to expand their understanding of best practices and apply them at their local colleges and share those results with the field and college. Special consideration will be given to grants that promote and enhance Diversity, Equity, Inclusion, and Anti-racism.

Awardees would be expected to complete a short written follow up with the ASFCCC on what ideas or practices they have applied and be willing to share that information with the field.

The ASFCCC board will identify a sum of funding each year for Innovation Scholarships and put out a public call to all faculty members. The ASFCCC board can vote to increase the amount if additional scholarships are approved

Summaries of completed projects will be shared by the ASFCCC and made available online to facilitate dialogue and sharing among faculty.

Outcomes:

- ASFCCC will expand its commitment to supporting professional development
- ASFCCC will support the areas of emphasis of the ASCCC by supporting innovative professional development that aligns with its mission and strategic plan
- ASFCCC will create a repository of resources and experts funded by the Foundation
- Recipients will be able to participate in professional development opportunities beyond what their local college budget fund
- Recipients will learn new ideas and share those with their local and statewide colleagues, and are strongly encouraged to present at an ASCCC event.
- Recipients will have the professional development support to innovate in teaching, student support and learning

Funding Information

Applicants can apply for a grant of up to \$1,500 to participate in professional development (workshops, classes, webinars, institutes and conferences).

Faculty can apply for funds once every 3 years.

Process:

The ASFCCC will create a application process that will include

- Summary of the proposal
- Address how this proposal will address equity/opportunity gaps for historically marginalized populations.
- Outcomes of the proposal
- Detailed Budget
- Alignment of the proposal to the mission/strategic plan of the ASCCC and/or yearly focus areas.
- Plan for sharing information learned as part of the process
- Demographic Questions (as approved by ASCCC)

ASFCCC will also create a follow up report for the recipient to detail achievement of application outcomes. The follow up report includes a summary of the proposal, outcomes achieved, method for sharing what was learned and reflections on what was learned.

Faculty can apply for funds once every 2 years.

Rubric:

ASFCCC will create a rubric for evaluation based on the application and provide the rubric to applicants with the application

BACKGROUND:

Throughout the last year, the ASCCC office team has been working on redesigning the logo of the Academic Senate as well as updating/migrating the existing Academic Senate website, due to the end-of-life of the existing Drupal platform. In January 2020 and February 2020, the Executive Committee was asked to provide input and weigh in on the level of change to the logo, selecting from the four tiers below. In addition, a survey was sent to the field seeking input on how external users use the Academic Senate website.

Level 1: No change to the existing logo

Level 2: No change to the logo, but an addition to enhance

Level 3: Change to the logo, and additions to enhance

Level 4: Complete change to the logo – new direction

At the February 2020 meeting, the committee agreed on either a Level 2 or Level 3 change for the logo. There have been several iterations of the logo variation and the Executive Committee is being asked to review the most current iteration of the logo and to decide whether the direction is the direction the organization should continue to go, or if changes are necessary to the design. The Executive Committee may also choose to approve a logo variation if desired.

10:00 a.m. – 1:00 p.m.**

Discussion	<p>I. Welcome and Check-in (25 min) Members shared the state of Guided Pathways at their colleges as well as something they each are excited or thankful for.</p>
Information/ Report	<p>II. Webinars (15 min) Erik provided a Fall 2020 webinars update. Two remaining webinars: Nov 17 and Dec 1. Positive feedback from the last webinar where College of the Canyons and Cuesta shared their progress and practices. Good participation in the Coffee, Tea and GP meetings as well.</p>
Information/ Report	<p>III. Technical Visits (15 min)</p> <ul style="list-style-type: none"> a. Technical visits update (Hernandez) – Cerritos College Jeff will pull together a meeting of the tech visits team. b. Upcoming report (Hernandez, Fulks, May) No upcoming requests. Jeffrey expressed concern that we might not be getting requests because some colleges are shifting from faculty-led to administrative-driven as GP efforts move closer to Year 5. Ginni suggested that maybe we invite colleges to visit with us and determine college needs from those conversations. <p>Janet shared that she Michelle Pilati began facilitating visits with the RP Group involving a review of curriculum in COCI as a means of discussing pathways and potential meta majors. To date, the Janet and the group have met with 25 colleges. Janet noted that faculty have been more ready to discuss the data recently. Ginni has been invited, but there are schedule</p>

conflicts. Janet is a little concerned that RP has offered the last few colleges a chance to follow-up for meta major conversations, but ASCCC hasn't been invited for those follow-up curricular conversations yet. The project uses algorithms to cluster courses by overlap, but they need to be viewed in relation to prerequisites and other factors, which the algorithm doesn't capture as well but senate and curriculum folks would be able to reflect on and insert into the conversation. Ginni suggested that we present to the RP Group that we want to pick up the coordination of these efforts in partnership with them in order to include faculty more deliberately in the conversations. Sarah also pointed out that curriculum specialists are an important presence in those conversations as they're most familiar with the curriculum data and can point out problems in the results. Janet also suggested the possibility of reaching out to Randy at ACCJC to integrate accreditation into the conversation with colleges as well.

**Information/
Report**

IV. Resources (20 min)

Meridith provided updates on the Canvas website. It is now live. Meridith will update the latest webinars and Michelle Pilati's help in moving things to the live content.

Discussion

V. Optimizing Student Success Paper and Follow up (May/Fulks) (35 min)

The paper was approved and distributed by Exec. A follow up paper on placement and success, was adopted by Plenary delegates on Saturday. Ginni met with Chancellor's Office, and there a lot of data sources emerging from the CO and partner groups. One is Cradle to Career (WestEd is a partner). With RP, Chancellor's Office is developing a template for reporting out AB705 & AB1805 implementations. Another is Launchboard (WestEd again is a partner).

Break – 10 mins

Discussion

VI. Exploration of the Guided Pathways Launchboard (10 min)

Janet provided an update on the updated Launchboard. ASCCC folks, including Janet, were included in the conversations last year about metrics definition changes. Overall, Janet feels the data in the updated Launchboard is good, although there are still some issues.

<https://www.calpassplus.org/LaunchBoard/Student-Success-Metrics>

The Guided Pathways LaunchBoard is new, so Janet encourages all GPTF members to review their college's data as well as the technical definitions being used.

<https://www.calpassplus.org/LaunchBoard/GuidedPathways.aspx>

Janet also proposes that we share the successes within the GP data and suggested writing a one-pager about how to use the Launchboard information. Krystinne supported the idea of promoting successes seen within the data, with a focus toward external groups who often look at the data from a more critical perspective. It was agreed that if a one-page summary of successes is developed, it could be distributed after being sunshined with Dolores Davison, ASCCC President, rather than needing Executive Committee approval, which could slow down the effort to get the information out to the public. Cheryl suggested this would be good with the legislature and the Board of Governors.

**Discussion/
Action**

**VII. Fall Plenary Session/November Exec Meeting
(May/Mica/others) (30 min)**

- a. Report – Ginni shared that Plenary went well and ASCCC has been hearing positive comments. Others shared appreciation for the topics discussed.
- b. Guided Pathways Integration (May/Mica) – Ginni shared that the GPTF proposal to integrate GP work into existing committees was discussed by Exec but no action was taken. Chairs were encouraged to have conversations with committees about the integration of GP work with on-going committee work. GPTF supported the idea that there is on-going reflection and discussion on the part of ASCCC chairs and committees and expressed confidence with the likely outcome. Janet shared survey information from the GP integration Plenary breakout; largely, results indicated there is a lot of work to be done at local colleges to completely integrate GP into committees and into planning and budgeting processes.
- c. Resolutions – both resolutions submitted by GPTF were adopted by the delegates. The Faculty Emeritus resolution for Janet was debated so that more folks could express their appreciation and gratitude for Janet.
- d. Professional Development – lots of good stuff happening with ASCCC PD efforts. Janet reflected that

it will be important to have asynchronous learning opportunities for faculty, not just synchronous webinars or meetings.

- e. Periodic Review – ASCCC is required to undertake a periodic review every four years, with this year being the second review. The review team has been composed from a random selection of attendees at ASCCC events and has started their work. They will provide an initial report to Exec in February, and then a final report will be presented to the field at Spring Plenary 2021.

Action

VIII. Potential Canvas Courses and Webinar Topics (20 min)

We don't know yet what the GPTF structure or actions will be in spring 2021, but this is a list of potential topics that could be developed as synchronous PD options in Canvas. There was also conversation about using the PDC as a means of faculty certifying and potentially earning FLEX hours. We should also publish links to our GP Resources in the Vision Resource Center. Members were encouraged to consider ideas for potential courses. Janet will reach out to see if anyone has specific topics they'd like to collaborate on at least to get storyboards done, and we'll have an update in December at the next GPTF.

3. Introductions

As a virtual introduction, members shared information about themselves, including their discipline, college, experience with accreditation, and experience with ASCCC committees.

4. 2020-2021 ASCCC Accreditation Event(s)

Background: <https://www.asccc.org/content/what-happened-2019-asccc-accreditation-institute>

Cheryl explained that with ACCJC having a virtual event rather than traditional conference and the uncertainty around ASCCC's role, for spring 2021 we may need to consider either planning and holding an Accreditation Institute, having a one-day virtual event (in lieu of regional meetings), or a webinar series. The committee agreed that having a webinar series or half- to one-day virtual events, or elements of both, would work the best, plus we'll see how we can contribute to ACCJC's virtual event.

5. Committee Priorities

Cheryl discussed how committee work is assigned and tasks identified. For 2020-2021, the Accreditation Committee's priorities will likely be developing and facilitating professional development on faculty-related aspects of accreditation and in working with the Guided Pathways Task Force and other committees to address related efforts.

The committee identifies and disseminates knowledge and information regarding faculty roles and effective practices in conducting comprehensive college-wide assessment, meeting and documenting accountability standards, self-evaluation methods and reports, attaining and maintaining accreditation status, and in supporting faculty as they reflect on outcomes and set goals for improvement. The committee receives input from, and collaborates with, pertinent outside groups including regional accreditors and federal agencies, their policies, and processes. Under the direction of the president, designated committee assist faculty and local academic senates with matters related to accreditation and institutional evaluation. The committee also plans the annual Accreditation Institute that offers professional development on accreditation issues, policies, and effective practices.

2. Meeting Business:

- a. Cheryl will take notes.
- b. Agenda Approved

3. Discussions:

- A. Full accreditation institute versus webinars: the committee agrees not to hold a full institute due to COVID-19 pandemic. Date is currently being held by ASCCC; however, ASCCC Executive Committee understands that it is likely that an institute will not be held. Discussion regarding other events such as webinar series ensued.
- B. 1) The Guided Pathways Taskforce (GPT) will likely include the Accreditation Committee in some tasks to support their work and efforts. One GPT goal is to integrate guided pathways into senate curriculum. They are working with ASCCC committees (Accreditation, Curriculum) to determine the best approach/best practices. Typically, as an organization, we do not focus on the last pillar of “ensuring learning.” Cheryl argues that this has an accreditation aspect from various standards that question the processes around learning. We need to think holistically about that pillar – perhaps consider outcomes assessment – and looking for some other ideas where ensuring learning touches the each of the guided pathways and classes therein.

2) December 1 – Be on the lookout for a webinar on guided pathways.
3) Laura Adams would like to see more of a focus on outcomes assessment. Typically, there is a focus on PD only, so she’d like to see a greater focus on outcomes and their assessment.
4) Cheryl: Jarek Janio from Santa Ana College is conducting a series of webinars around outcomes assessments. They are held Fridays 10-12. Usually we focus on SLOs for accreditation purposes, but there is a growing frustration because we are not asking whether students are learning or not. We are about compliance and not using data to make informed decisions.

The Accreditation Committee advises the Academic Senate Executive Committee and the faculty regarding accreditation and continuous quality improvement. The committee identifies and disseminates knowledge and information regarding faculty roles and effective practices in conducting comprehensive college-wide assessment, meeting and documenting accountability standards, self-evaluation methods and reports, attaining and maintaining accreditation status, and in supporting faculty as they reflect on outcomes and set goals for improvement. The committee also plans the annual Accreditation Institute that offers professional development on accreditation issues, policies, and effective practices.

C. Continued conversation from last time – ideas for accreditation in the spring:

-
- c. Cheryl discussed topics that we covered, including the faculty role in accreditation processes. Nili: Questions about what programs are online (coming from the Curriculum ListSERV) and which ones need DE addendums and how we notify ACCJC. Cheryl: There are usually breakout sessions at the curriculum institute that marry curriculum and accreditation.
 - d. Amber: What about substantive changes for programs that are moving completely online? Kevin: Colleges were all given an extension for the fall, but we (the Commission) are waiting on the Department of Education for direction about what we are doing in the spring. Colleges can do one of two things: they can submit a memo to ACCJC to notify which programs will be online (if they haven't already submitted one) or they would have to do a substantive change.
 - e. Nili: Is it core courses or is it the 50% of the program? KEVIN: If the program includes GE courses and these are online, then this would push more programs over the 50% threshold and would require a SubChange. Cheryl: I will follow up on this.
 - f. NILI: Every academy she's been to has a focus on equity. Where can we take the equity lens and apply it to accreditation? Has there been an equity framework to the standards? KEVIN: The standards don't address equity directly, but we will be exploring how to integrate equity more into the standards. Cheryl: Perhaps for our next meeting we will take a standard and see if we can revise it to include an equity lens. HOMEWORK: Pull a few standards and consider some ideas for revising them to include an equity perspective.
 - g. Roy: Regarding ISERS: is it safe for a college to identify areas for self-improvement? Perhaps we could talk about how colleges can do this without a punitive mindset and fear of consequence from the Commission. Maybe this should come from ACCJC and not ASCCC. Amber: We took a transparent perspective with our community and identified several areas of improvement. This made for a stronger accreditation visit, in our opinion.
 - h. Cheryl: Is lack of faculty involvement still a problem? Kevin: Yes, but the virtual environment has helped because folks are able to work something virtually. Cheryl: Are there still going to be trainings? Perhaps virtual? Kevin: We are still doing team trainings – about a half-day, virtually, so that they are ready for the visits. Kevin: we are starting to put together short training videos for future team members. These will explain the homework, requirements, and will provide some resources. Cheryl: Perhaps some faculty members can also offer their perspectives in the videos.

Cheryl: Perhaps we can take some of these topics above and write a Rostrum article(s). We have four Rostrums that come out per year, so think about these topics and or any other ideas that might help others in a writing format, so we can proceed.

Action Items:

1. March dates have been cleared for an accreditation institute/in-person event. These are on the senate calendar as a possibility.
2. Next meeting 11/13/20

- IV. Announcements/ Updates
 - a. Title 5- 55063 Workgroup UPDATE
 - i. Workgroup is meeting on Monday, November 23, and will meet regularly in the coming months. CSU Board of Trustees met in the past week and accepted revision to the core competencies, primarily to change the language of the core competencies from referencing the four groups described in the legislation to a reference to “communities of color.” The CSU FAQs will be amended and any relevant CSU executive orders. Workgroup now turning to a discussion of how community colleges could respond. CSU due date to submit courses for Area F review is February 5. Workgroup is drafting a timeline for reviewing further issues related to the Ethnic Studies change by working backwards and taking into account local college needs.
 - b. Fall 2020 Adopted Resolutions
 - i. Resolutions packet is linked on the agenda. The Curriculum Committee will likely be working on an update to a paper on curriculum procedures based on an approved resolution, pending Exec assignment. At a future meeting, the committee will review the current paper and develop an outline for revisions. Committee will develop a timeline for writing and approval, which may straddle academic years.
 - ii. Ethnic Studies resolutions: it is unclear if these will come to the Curriculum Committee or 5C. Much discussion is happening around the system. Michelle Bean provided a distinction between the adopted Ethnic Studies resolutions: one focuses on a graduation requirement, the other a specific general education requirement for local degrees.

- c. CCC System Reports (ASCCC Committees, SSSCC, CCCCCO, other)
 - i. SSSCC-Curriculum Committee meeting on Friday. Topic of Ethnic Studies will be discussed.
 - ii. CIOs- Jennifer expressed her appreciation for the work and collaboration ASCCC is engaged in with the CIOs and other organizations in the system. Carrie attended the CIO meeting recently and Ethnic Studies is a primary topic of discussion.
 - iii. Articulation: Looking at Ethnic Studies and Credit for Prior Learning. Mandates to approve policies for credit for prior learning have not been extended.

V. Announcements/Updates

a. ASCCC Curriculum Committee Charter

- i. Carrie reviewed a request from the ASCCC Guided Pathways Task Force to begin a discussion around integration of guided pathways innovations into the ASCCC structure, including the Curriculum Committee. The topics mentioned for the Curriculum Committee include Meta Majors, AB 705, Program Mapping, and curriculum-related topics in all Pillars I, II, III, and IV. The committee discussed if the integration at the ASCCC level could provide guidance to local colleges for how to integrate locally. Changes to the Curriculum Committee's membership might be needed based on what innovations are integrated. Josefina mentioned that different colleges are at different places, and it is important to look at local curriculum and make decisions to support the guided pathways approach. The committee discussed how future committee work could revolve around guided pathways including professional development for the field, a possible paper, and other ways to support local curriculum committees, including the topic of technology and curriculum.

b. ASCCC 2018 – 2023 Strategic Plan

- i. Chair reminded the members that our tasks and priorities align with the 2018-2023 Strategic Plan

c. ASCCC EVENTS

- i. Chair indicated that events are being discussed at the ASCCC Executive Committee, no further discussion

VI. ASCCC Curriculum Committee

a. Google Drive

- i. Reviewed documents, further discussion to be had on Curriculum Institute

b. 2020-2021 Committee Priorities/ Tasks

- i. Reviewed document and established priorities/tasks, no further discussion

c. ASCCC Curriculum Institute

- i. The institute will be July 7th – 10th 2021. Carrie will be discussing with ASCCC staff logistical concerns around a virtual event versus an in-person event including travel costs and restrictions during a time of financial distress at colleges, attendees' and presenters' comfort levels and other concerns. The committee reviewed potential themes. Committee agreed to propose the theme "Ensuring Learning: Accessibility & Flexibility in Equity-Driven Curriculum." This theme ties in guided pathways, concerns of students who are struggling with new changes in curriculum and instruction, and the need for colleges to be flexible and focused on meeting students where they are in an equitable way. There will be opportunities in the strands and a welcome letter to expand on and explain the theme.

d. ASCCC Curriculum VIRTUAL event

- i. ASCCC Exec provided additional feedback on the topics of committee-proposed virtual events. Executive Committee was reluctant around additional virtual events. There were concerns over capacity to hold a January event and concern over webinar fatigue. Chair mentioned approaching the CCCCCO on a webinar on the Ethnic Studies topic. Committee felt comfortable moving ahead on that topic with the CCCCCO. Expect more information on the Ethnic Studies topic by the December 3 ASCCC Curriculum Committee meeting.

MEETING SUMMARY

The part-time faculty committee provides recommendations to the Executive committee on academic and professional matters that affect part-time faculty members. The committee recognizes that part-time faculty make up the majority of California community college faculty and serve disproportionately-impacted students. This committee advocates for diverse part-time faculty colleagues, ensuring their access to professional and leadership development offerings as well as shared governance opportunities at the local and statewide levels. The part-time faculty committee collaborates with the executive committee to develop and provide opportunities where part-time faculty gain additional insight on issues germane to academic and professional needs. This committee is also focused on promoting diversity within part-time faculty pools with the goal of having educators who reflect the student population, and this committee further commits to empowering part-time faculty voices who have been historically excluded (e.g., colleagues of color).

- B. October Summary approval with no corrections.

IV. Shout Outs, Affirmations, and Lean-in

- A. Community norms: empathy, communication, responsibility.
- B. Part-time Committee charge approved by Exec—cheers to us!
- C. Thank you for completing the institute session descriptions!
 - 1. Everyone did a great job with the new charge and institute work! (meeting with exec is first week of December for feedback on session descriptions/presenters)
 - 2. Shout-Outs from the committee members: for all of us for staying strong and keeping promises to our students this semester; for the students who have been doing their own advocacy throughout this time; possible next agenda item: encourage local campus to support part-time technology access.

V. Part-time Institute: February 18-19, 2021 (virtual)

- A. Institute Outline approved
 - 1. Name change to Part-time Faculty Conference will happen for 2022.
 - 2. President Davison approved the consideration of conference proceedings e-publication—will need a lead volunteer to create a call to presenters for papers.
 - a. Karen and Chelsea will volunteer for the CFP & marketing paragraph.
 - 3. All co-presenters approved on current institute outline—taking no other outside ASCCC presenter requests.
 - a. All interested attendees are free of charge.

- B. Breakout session titles, descriptions, and presenters verified through email on Nov 16.
 - 1. Session leads—please communicate with co-presenters and ensure they register (free event—use PRESENTER ticket); and plan meeting(s) to design session slides.
 - 2. Option—use Google slides template to work with co-presenters; slide decks due one week before the event. Consider sending a Doodle poll for meeting dates to plan slides.
 - 3. Save the date: virtual platform (Pathable) training for presenters will be on Feb 2 or Feb 3.
 - 4. Be sure you register—use COMMITTEE ticket: <https://www.eventbrite.com/e/2021-part-time-faculty-institute-virtual-event-registration-101241706670?ref=elink>.
- C. Any other ideas or questions:
 - 1. Extra notes: For Steven’s session – bring up the Chancellor’s Office Vision Resource Center and potentially discuss the concern with the VRC (user-friendliness, cumbersome, etc.).
 - 2. Disseminating information for the part-time faculty: encouraging people to explore their union options for technology access.
 - 3. Everyone is encouraged to attend the networking event after the final panel “Driving Forward”; for the closing session Michelle will post some questions for panelists to answer (all PTC adjunct members are panelists); all committee members should attend the opening session featuring the Student Senate.
 - 4. Grace’s suggestion: because we saved ASCCC money for hotels, can we do an Uber Eats coupon for the participants. Response: true cost is lowered; however, normally 3CSN sponsors the event – this year they did not. Without the sponsorship there isn’t enough money in the budget to have food for attendees and participants. Instead, the Thursday Game Night social will possibly have Uber Eats cards as prizes to incentivize participation.
 - 5. Michelle reviewed “best practices” for organizing breakout slides using the PPT template, and how to use the Pathable platform for presentation. At the end of each session, recommend to attendees that they can email info@asccc.org, if there are any questions about specific topics.
 - 6. ASCCC communications regarding Pathable and institutes is sent through “ASCCC SANDBOX.” This is not junk mail, so please make sure to look out for these emails about the Pathable training/access.
 - 7. Michelle needs to do a workshop for PT Committee on her MAIL MERGE timesaving tips!
 - 8. Reach out to Michelle for any questions about how to plan and organize the breakout slides, co-presenters, any Institute-related questions.

VI. Committee Goals and Priorities--review PTC work plan

- A. See the workplan for your assigned actions. Michelle briefly reviewed actions in progress.
- B. Regionals in spring—CV review component and mentoring could be explored (tabled to next meeting).
- C. Other ideas: Google unofficial listserv volunteers (Chelsea and Steven); more discussion after Institute (tabled).

VII. Plenary Fall 2020 Review

- A. Break-out sessions recap and success:
 - 1. Mentorship Programs as a Recruitment and Retention Strategy of Faculty of Color (Chelsea)
 - 2. Introduction to ASCCC Model Hiring Principles and Practices Canvas Tool (Emilie)
- B. Increasing PT faculty participation:
 - 1. Will send Plenary survey data when received from ASCCC office (Michelle)
 - 2. How did Caucus participation go for PT faculty? (Emilie)
 - a. Emilie reported that PT faculty had to pay for Plenary registration in order to participate

in the PT faculty Caucus inside the Pathable. Karen: a workaround I noticed that other Caucuses did is they created a Zoom link outside of Pathable to make it accessible without having to go into Pathable.

- b. Michelle: Caucuses are in our ASCCC By-Laws, and they state that Caucuses should charge no fees to participate.
 - c. Grace: ancillary funding for ASCCC events does not count towards the 67% compensation for PT faculty. Michelle said that the Resolution that Steven authored and was supported by our committee successfully passed in the Resolution voting at Plenary and should result in resources created for PT faculty for clarification around these issues of PT participation in ASCCC.
 - d. Emilie reported that there was a lot of positive feedback to the session that she and Michelle presented on Model Hiring Procedures (a publicly accessible Canvas shell) at Plenary. Can these tools be taken to other conferences to benefit from this great work? e.g., how can we keep this information from just being shelved and moved on?
- C. PTC Resolution 1.02 (Steven)—click [Adopted Resolutions packet](#) for all passed resolutions.

VIII. *Rostrum*

- A. Click [HERE for fall Rostrum](#)
- B. PTC Articles—articles are due by Jan 4

- D. Sign up for [ASCCC listservs](#)—Part-time listserv available
 - 1. The part-time listerv is the formal listerv through the Chancellor's office. Everyone should register for it; we can send emails out from it but it's a one-way message. Different from an informal Google listserv. Everyone on the listerv is volunteer basis for enrollment.

MINUTES

- I. Call to Order and Adoption of the Agenda
The meeting was called to order at 10:00 am
The committee approved the agenda by consensus
- II. Debrief on Virtual Resolutions Process
The committee debriefed on the virtual resolutions process. The committee felt that it went as well as it could considering the virtual environment.
One area that committee members heard from attendees was missing the opportunity to add resolutions and amendments during the plenary when topics came up during breakouts.
Committee members discussed the open comment period and felt that that process did not work well and that faculty would rather have opportunities at plenary to discuss resolutions.
- III. Review Virtual Resolutions Process for inclusion in the Resolutions Handbook
The committee reviewed the written processes for the virtual resolutions process to be submitted to Exec for possible inclusion in the Resolutions Handbook so if there needs to be future virtual resolution processes that there is an approved model. The committee modified the process to recommend the change to the resolutions due date to Thursday of Plenary and Amendments to Friday. Stephanie will consult with Dolores, Krystinne and April as to the feasibility of making the proposed changes.

1) Review of minutes: July

Russell Reid made a motion to approve. Second by Tina Recalde. Motion passed.

2) ASCCC Update (Cheryl Aschenbach) Cheryl Aschenbach provided an update for ASCCC:

Cheryl Aschenbach reported the following:

a) ASCCC has three focus areas for 2020-2021:

- i) Guided Pathways Implementation and Integration to Transfer and Careers
- ii) Culturally Responsive Student Services, Student Support, and Curriculum
- iii) Equity Driven Systems

(1) Faculty Diversification

(2) Faculty Empowerment Leadership Academy

b) ASCCC will hold the 2020 Academic Academy (virtual event)

Theme: Redefining Education w/ focus on use of open and online approaches and technology
Oct. 8-9, \$150 until Sept. 18, then \$200

c) The Fall Plenary will be a virtual event

Theme: Anti-Blackness: IDEAs in Academic and Professional Matters
(IDEA = Inclusion, Diversity, Equity, and Anti-Racism) Nov. 5-7

3) CCCC Update

Kevin Lovelace reported the CCCC won't know anything regarding graduation rates until October.

4) Introduction of Jennifer Zellot, new CIO Representative (Mike Slavich)

Jennifer Zellot is from Modesto College. Unable to attend today due to short notice.

Still looking for a CBO and VPSS representatives.

5) BDP Pre-Survey (Hai Hoang)

Hai Hoang reported he has data from all 15 colleges. He will be reaching out to some of the researchers at the campuses for assistance with evaluating the data. The following questions were addressed:

How they used the data from the Employment survey?

Maria Clinton from Antelope Valley College reported 90% of the respondents are already working in the industry. Students are being promoted while in the program and immediately after graduation.

How do you plan to use data from the Exit survey?

Russell Reid from Feather River said they use the exit survey to look at the curriculum design. They aren't able to obtain positive feedback until students work for a while. Then they are able to determine what was effective in the curriculum and what needs to be added or changed to the curriculum. They use the feedback to improve curriculum.

Dr. Bonnie Hunt, Modesto College, also uses an exit survey to get information about the program. This is one of the requirements of their accrediting body. They do not use an entry survey.

Maria Clinton, Antelope Valley College, said 90% of their students are already working in the industry. Students are promoted while they are in the program or immediately after graduation.

Hai asked if there is anything we can improve from our process?

Maria Clinton, Antelope Valley, asked if there should be a question related to COVID to look how it affected graduation rates?

Hai asked if colleges see a value in an Entry survey? Why or why not?

Rio Hondo uses an entry survey.

Russell Reid recommended a separate meeting to review the handbook, especially related to data definitions. He said this is important when the CCCCCO asks for specific information. Campuses define the terms differently. We need to work together to have common definitions.

Hai Hoang said he has been using the data definitions that Edgar provided in preparation for the LAO

report.

Russell would like to work to support that document and send it forward to everyone.

Mike Slavich recommended Hai send the document out to everyone. We can approve 4-5 definitions at each meeting.

Dr. Bonnie Hunt stated they have been relying on their data analyst (Amanda Cannon) to provide the information.

Hai recommended that faculty and researchers have these definition discussions on their campuses so that we can all be on the same page.

Tina Recalde spoke to the history and need for consistent data.

Mike Slavich mentioned that Edgar and the LAO did not look at lower division classes in the baccalaureate degree program to show we actually had tremendous growth in lower division classes as we were building the pipeline.

James Dekloe, Solano College said MIS data was incorrect for the graduation rate. Solano's graduation rate was reported as 66% in MIS, but they had a 100% graduation rate.

Hai explained the information regarding BDP survey development. Backwards design.

Tina Recalde and Holly Jagielinski spoke about the value of having a pre-survey. Russell Reid agreed with the value as they relate to learning outcomes, but think developing the questions will be a challenge.

Cynthia Quintanilla, Bakersfield College, agreed a pre-survey would be beneficial as the LAO, legislators, and others are really looking at our programs to determine if we are improving their lives and adding value. We need to show value has been added.

Russell Reid said BDP programs are said we are giving students opportunities. Their students had not even thought about getting a four-year degree until they started there.

Cynthia Quintanilla said that a number of her students have told her they would have never gone for a bachelor's degree if it hadn't been in their technical program.

Jolena Grande, Cypress College, agreed that the same was true for her students.

Elayne Rodriguez at Skyline College said we should conduct the pre-survey.

Cynthia said this is the time for us to be proactive as CCCCCO usually asks for retroactive information.

It was recommended colleges send Hai ideas of questions that should be used in the pre-survey. This will ensure the information will be useful for the college.

6) Updating Distribution List (Shelly Hess)

Shelly Hess, San Diego Community College District, sent out the link to the distribution list. She asked representatives to update the information for their college. Complete prior to the next meeting.

7) Fall 2020 Cohort Update (Tina Recalde)

It was reported that all the colleges have accepted a full cohort this coming fall. Some of the programs are fully online. A few students in programs withdrew as they didn't think they could balance program during COVID. Some programs, like Rio Hondo, have the highest enrollment they have ever had.

8) Other

Rio Hondo will demo the BDP website during the next meeting. A test site is being prepared now.

Next meeting on September 16th.

Beatriz Qura del Rio, Skyline College, reported the dean stepped down and is serving as an advisor, but is still supporting the program and the baccalaureate students.

Hai posted a link in the chat for the survey.

CALIFORNIA COMMUNITY COLLEGES

Steering Committee Meeting Notes

September 16, 2020

10:00a.m. – 11:00 a.m.

Roll Call:

ASCCC, CCCCCO, Antelope Valley, Bakersfield, Cypress, Feather River, Foothill, Mira Costa, Modesto, Rio Hondo, San Diego Mesa, Santa Ana, Santa Monica, Shasta, Skyline, West Los Angeles

1. Review of minutes: August

Anthony Cordova, Bakersfield College, moved approval. Carmen Dones, West Los Angeles, seconded the motion.

Abstain: Jennifer Zellet, Estella Narrie, Marilyn Flores

2. ASCCC Update (Cheryl Aschenbach)

Cheryl Aschenbach reported the ASCCC will follow new legislation that has been proposed. ASCCC Members are busy working on preparation for Fall Plenary

3. CCCCCO Update

Shelly Hess inquired if the process has changed to submit changes to baccalaureate degrees. Kevin Lovelace confirmed they are following the same process—colleges should email upper division revisions to the CCCCCO.

4. Introduction of Jennifer Zellet, new CIO Representative (Mike Slavich)

Mike Slavich introduced and welcomed Jennifer Zellet, the new CIO representative.

5. Website: <https://bsc.rhccte.com/>

Manuel Halim, Rio Hondo, presented the draft website. He said the domain name is temporary and asked members to please name contacts. Some features include:

- Added videos of website
- All programs sorted by college
- Short descriptions of each college/program
- Google map with directions to each college (zoom in or out, interactive map with pop-ups)
- Our mission

- Video

Considerations for layout, design, content:

- Logo
- Background of header
- Link to
- Annual Report
- Links to CCCCCO and college websites (members will check with their administration)
- Legislation and Advocacy Information
- Agendas and Minutes

Discussion continued regarding URL—many members would like the page to have an Edu URL; however, the process to secure one is quite extensive.

6. Building the Pipeline

Tina Recalde led the discussion how to be more strategic as a group to advocate for our baccalaureate degree programs, ensure we have sufficient enrollments, and students throughout the state can actually find our programs and have the opportunity to participate in them. She mentioned some programs are completely online and have flexibility for students to attend from their current location, providing there are no issues with clinical rotations. She proposed the colleges market their programs to the pipeline of associate degree students statewide. For example, students who complete the automotive program at San Diego Miramar could go directly into Rio Hondo's programs for the last two years.

Tina opened the floor for discussion.

Cynthia Quintanilla reported Bakersfield has articulated their courses with 6 other campuses throughout California and they are working on expanding the agreements with additional colleges. She explained they work with the civ.net and they've articulated their electronics courses. The courses have been approved, they are posted, campuses can refer to the civ.net website to see what would match up on their campuses.

Jolena Grande, Cypress College, reported they have reached out to all of the accredited funeral service education programs across the United States. Particularly, the program at American River College. They can offer ARC associate degree graduates a pathway to completion into the Cypress baccalaureate program that takes only three semesters.

Tina recommended the colleges share their articulation agreements and unique opportunities on the new website so that students and faculty at other colleges are aware of the opportunities available

Claudia Roma, Rio Hondo College, reported during the summer they went through all of the college catalogs and websites and downloaded the information for approximately 60 community college automotive degrees. They can easily develop agreements with colleges that have ASE certified programs. She said they will connect with the articulation officers at the colleges with similar programs

within the next few weeks.

Cynthia Quintanilla also shared they have started providing outreach to their early college students. This enables students to complete all of their prerequisites while they're still in high school come out with their associate degree. When these students graduate from high school, they will be ready to the upper division program, industrial automation.

Russell Reid, Feather River College, reported they are fortunate enough and some of your campuses already have AG program. He explained the AG program has a pretty active California Teachers Association, which is a strong organization that meets regularly. They also include two-year colleges and de four-year colleges in the organization. Additionally, they attend FFA conventions, which provides another opportunity for marketing. They have some competition from Chico State, Cal Poly, and Fresno State.

Jim Dekloe, Solano College, reported they have negotiated a guaranteed admission. Students who complete a bachelor's degree at Solano College have a guaranteed admission to a Ph.D. program with a master's degree on track to the Ph.D. at Thomas Jefferson University. Solano also has an articulated pathway with high schools which provides a pathway from high school through a Ph.D.

Jim also reported Solano College and Mira Costa College are working with the statewide biotechnology directors and have developed a clear pathway from other colleges that have a biotech associate degree

Elayne M. Rodriguez, Skyline College, reported they have an agreement with Loma Linda University. Students receive a discount to earn a master's degree. Additionally, they have a guided pathway from high school to the baccalaureate program.

Estela Narrie, Santa Monica College, shared they have various articulation agreements with CCC and FIDM.

Tina Recalde, San Diego Mesa College, shared many of their students have moved on to master degree programs. She recommended all of the pathways are shared on the website.

7. BDP Entry-Survey (Hai Hoang)

Hai Hong, San Diego Mesa College, walked the committee through pre-survey. He sent a draft of the survey, received feedback from Antelope Valley.

Hai asked what type of identifying information should be collected: name, ID, email, college name, email, etc. There was a recommendation to ask students for a personal email address or a second email. It was agreed to collect Student ID information.

Hai requested recommendations for changes to the multiple-choice questions. Recommendations included:

- Additional options for work, degree, salary advancement information, etc. As well as the ability to select more than one option for career, i.e., job promotion;

- Currently employed question: if students yes, add a new set of questions, salary, where living, etc.;
- Question 11—finish within 2 years—add military obligations as one of the barriers
- Add more specific information to the work question—are students working in the field or an unrelated field. Everyone agreed it is important to collect all work-related information as it may show improvement.
- Add student services questions—i.e., does a feeling of belongingness predict success. Claudia Romo will reach out to the transfer/counseling groups for sample questions.
- Include demographic information: age, gender, race/ethnicity, etc.

8. Distribution List (Shelly Hess)

Shelly Hess, San Diego Community College District, shared the distribution list. She encouraged members to continue to update the list.

<https://drive.google.com/file/d/17hU9ME3QAKPzz0IJtsTGYFCRpJTJ1JsU/view?usp=sharing>

9. Legislative Update (Tina Recalde)

Tina Recalde, San Diego Mesa College, shared information regarding SB 874. Chancellor Carroll and Chancellor Minor are working with Jose Medina on the new bill which asks for current programs to become permanent and removes the limit of maximum number of programs. Shelly Hess emailed the bill to the members. Tina recommended members share the information with their campuses and develop strategies for advocacy.

BACHELOR'S DEGREE PROGRAM

CALIFORNIA COMMUNITY COLLEGES

Steering Committee Meeting Agenda

October 21, 2020

10:00a.m. – 11:00 a.m.

Roll Call: ASCCC, CCCIO, CCCCCO, Antelope Valley, Bakersfield, Cypress, Feather River, Foothill, MiraCosta, Modesto, Rio Hondo, San Diego Mesa, Santa Ana, Santa Monica, Skyline, Solano, West Los Angeles

1. Review of minutes: September

Cheryl Aschenbach, ASCCC, moved approval. Cynthia Quintanilla, Bakersfield College, seconded the motion.

Abstain: Adriana Martinez , West Los Angeles.

2. ASCCC Update (Cheryl Aschenbach)

Cheryl Aschenbach reported ASCCC is watching legislation and preparing for Fall Plenary.

3. CCCCCO Update

Njeri Griffin reported Higher Learning for Higher Earning website has been discontinued. The new website: <https://www.cccco.edu/About-Us/Chancellors-Office/Divisions/Educational-Services-and-Support/What-we-do/Curriculum-and-Instruction-Unit/Curriculum/Baccalaureate-Degree-Pilot-Program>

4. Website: [BDPCCC](#)

a. Name of Website

b. Logo

c. Content/Purpose

d. Enrollment Data

Mike Slavich reported continued development of the new website. Key highlights of the discussion included:

- Recommendations for a password protected section to include agendas and minutes;
- Email Manuel Halim (mhalim@rioondo.edu) regarding any issues you find;
- Email Mike Slavich (mslavich@rioondo.edu) recommendations for the title of the URL or

ideas for a new logo; and

- Recommendations to house enrollment data.

5. Building the Pipeline: Mike Slavich led the discussion. He suggested a college may be able to offer upper division general education courses to students from another college to help them get through the system quicker; i.e., online or as short session. Some challenges offer upper division general education specific to the award; however, many of the programs have already exchanged upper division general education. For example, Rio Hondo requires a technical writing course, but will accept others; Cypress College welcomes any BDP student to take their upper division general education offerings; West Los Angeles College has opened their upper division general education courses; Antelope Valley has space available, and some colleges have developed upper division general education articulation agreements.

Everyone agreed this model would benefit students and the colleges. Some campuses are at capacity and others have lower enrollment.

Jennifer Zellet said the website could be used to show support and advance the idea. Models we can shared and matches can be made behind the scenes.

Mike Slavich volunteered to compile all of the upper division general education for analysis.

6. BDP Entry-Survey (Hai Hoang)

Hai Hong reported the entry survey is up. Five to six colleges have started reporting. He proposed downloading the list and identify who has or has not responded or send a reminder to everyone.

Foothill College has received 46 responses. Hai Hong asked if Foothill has any recommendations for the other colleges. Lisa Ly reported she not involved in release of survey, Patti Chan sends it out. She will inquire and bring back recommendations.

Russell Reid, Feather River College, clarified they do not have cohorts. He asked how they should define entry-level and who should be included. Currently they count each new students enrolling in an upper division course for the first time as an entry-student. Students who have not taken upper division courses are not considered baccalaureate, level. Once they take an upper-division course they are considered baccalaureate student. He said they may be defining it differently than the CCCCCO.

Rio Hondo also reported they do not have cohorts. They offer a set of classes, students can start taking classes at any time.

Hai agreed it is a challenge. He will have a separate conversation with Rio Hondo and Feather River.

Solano College starts a new cohort every fall. They have a cohort model where the same students took all of the same classes every semester. They recently introduced a part-time pathway so some students take courses “out of the standard order”

Modesto Junior College starts multiple cohort every year.

It was recommended to show upper division on website to illustrate the pipeline towards upper-division. A lot of students start taking lower division courses and in their mind they will be accepted.

Hai requested some flexibility, we need to establish a clear start and end date to illustrate the beginning of their journey. He also mentioned the importance of an exit survey. The entry survey may be different. He requested a separate meeting to discuss protocols. He also said they should develop a process and develop good documentation.

Beatriz Qura del Rio, Skyline College, ask Hai if the survey is for a cohort that started Fall during 2020 and not for 2nd year students. She explained she sent the survey via campus inbox and was advised during the first synchronous meeting to give students some time to complete the survey.

7. Legislative Update (Tina Recalde)

Shelly Hess reminded the members during our last meeting Tina Recalde shared Chancellor Carroll and Chancellor Minor are working with Jose Medina on new legislations for baccalaureate degrees in California. Although we have not received additional information regarding the legislation, Tina recommends the colleges begin collecting letters from employers, student testimonials, pictures, videos, etc., for advocacy.

8. California Community Colleges Baccalaureate Association (Tina Recalde)

No report

9. [Distribution List](#) (Mike Slavich/Shelly Hess)

The distribution list was reviewed and updated. Shelly Hess recommended members email additional changes.

BACHELOR'S DEGREE PROGRAM

CALIFORNIA COMMUNITY COLLEGES

Steering Committee Meeting Agenda

November 18, 2020

10:00a.m.–11:00 a.m.

Roll Call

1. Review of minutes: October

Minor edits

Russell Reid, Feather River College, moved approval. Carmen Dones, West Los Angeles College, seconded the motion.

2. ASCCC Update (Cheryl Aschenbach)

Cheryl Aschenbach reported ASCCC held the Fall Plenary Session. Conversations were centered around the theme of ideas around academic and professional matters, inclusion, diversity, equity and anti-racism. ASCCC is trying to put faculty in a space to lead some of these difficult discussions on our campuses. She also reported John Stanska is very support of the idea of the BDP programs developing pathways to help streamline the upper division general education pathway.

3. CCCCIO Update

Jennifer Zellett reported the equity theme was at the core of the CIO conference. She said breakout sessions included discussion regarding equitable practices, equity infused practices, up and coming African American leaders of colors, faculty interested in administration. They are trying to broaden the scope and diversity of the CIO ranks.

4. CCCCCO Update

Njeri Griffin reported the CCCCCO has \$36,000 left for the baccalaureate degree programs from money received. She reminded the group that Rio Hondo is fiscal agent. BDP members need to decide what the money should be spent on. Some ideas include: online brochure, radio spot, social media, or commercial.

Members were asked to email ideas to Shelly Hess. We need to complete the list before we leave for break in January and spend the funds before March 2021.

5. Website Update: [BDPCCC](#)

Mike Slavich, Rio Hondo College reported the website development is on track. They are finalizing the URL and background. BDP members should send feedback to Mike Slavich.

6. Building the Pipeline

Elizabeth Ramirez, Rio Hondo College, reported the AOs had a meeting a few weeks ago. They created a Google Drive folder accessible to everyone. She requested AOs to upload course outlines of records for upper division general education. Faculty will be asked to review the outlines and determine which courses they will accept.

BDP members should contact Elizabeth Ramirez to add their college articulation officer to the listerv. Shelly Hess requested to be added to the list.

7. BDP Data Collection Plan (Hai Hoang)

Hải Hoàng shared the evaluation plan for collecting data. He explained the plan is needed to help support the new version of SB 874 when it is brought back this year—due to Covid 19, it was deemed as non-essential last year. Furthermore, data collection is needed because some elements of the LAO report were incorrect. We have an opportunity to update the data.

Hoàng explained the first data point is to update the data: cohort count, ethnicity, gender, 2-year graduation rate, accepted, and enrolled. He explained the new cohort in the fall should be analyzed. Survey data—2 years, last 2 years before baccalaureate degree (upper division) courses.

We need to collect data on the new cohort in fall: exit survey at the end of year 2 and an employer survey.

Carmen Dones, West Los Angeles College, asked—if two years includes the time after prerequisites are completed. Specifically, are they interested in the 2-year graduation rate or 3-year graduation rate. The challenge is trying to be consistent with LAO so our data will more closely match their data.

Additionally, the Community College Baccalaureate Association may request research from us.

Bridget Herrin, San Diego Mesa College, reported we need researchers to assist Hoàng. He has become the central coordination point and he is beyond capacity. Hoàng has to be local support and lead the research subgroup. He receives permission and priority from his dean.

Mike Slavich, Rio Hondo College, volunteered to help pay overtime.

Russell Reid, Feather River College asked is the additional \$36,000 could be used to address some of these needs.

Carmen Dones, Los Angeles West College, requested Hoàng coordinate a meeting with the researchers, to delegate responsibilities,

Shelly, Hess, Tina Recalde, and Mike Slavich will set up a meeting with the researchers. Kevin Lovelace will be added to the group

Jennifer Zellet, also volunteered to ask for assistance during the next CIO meeting. She will communicate the importance of research involvement. Zellet will survey the administrators

and request support on the back end.

Kevin—Mem= BDP and where data aligns—may reach out to Information Technology regarding some of the data elements.

8. Legislative Update (Tina Recalde)

Tina Recalde reported new baccalaureate degree legislation will be launched in next session. She reminded everyone to start collecting letters from employers, pictures, and videos. Would need to demonstrate how we provide value in the community.

Additionally, the CCCAOE legislative visit will be March. We will need member of colleges to support it and provide the same momentum as we did this year.

9. [Distribution List](#) and BDP Organization Chart (Mike Slavich/Shelly Hess)

Shelly Hess and Mike Slavich shared the Distribution list. Hess reported she will use it to finalize the BDP organization chart.

10. BDP Steering Committee

Mike Slavich asked the committee how they feel about the current structure of the BDP Steering Committee. Members should email their recommendations to Mike Slavich or Shelly Hess.

11. Other

Beatrice Qura del Rio, Skyline College, shared they would be having their site visit for permanent accreditation.

Jim Dekloe, Solano College, shared Solano College and MiraCosta College will be giving a presentation at Community College League of California conference.

New Appointments

Aisha Lowe, Vice Chancellor of ESS
Matthew Mark Macias, Student Representative
Heather Ostash, CSSO Representative

Chancellor Office Updates

1. Rising Scholars team update – the Foundation For California Community Colleges (FCCC) IT and Communications departments have been merging the Corrections to College website to the FCCC website. The focus is putting the directory to the Community Colleges throughout the state accessible, and also focused on rebranding to 'Rising Scholars'.
2. We are working to make our students a part of the equity work within the Chancellor's Office and ensuring that our students are a part of the communication and visible.
3. The Rising Scholars team is working with CDCR to create a warm hand-off from students in CTE programs. Working on making a link for these students.
4. We are dedicated and continuing to meet with all the colleges online; we have been running zoom conferences with over 100 people to keep everyone connected. Next conferences are Monday and Tuesday (June 1st and 2nd), is our next Zoom meeting. We coordinate a platform for the colleges to come together to talk about problem solving and issues faced.
5. Aiming to create a question to collect on-campus student data. We are being very cautious to ask the question, ensure confidentiality and provide the 'why' behind it.
6. Correspondence education - This committee is perfect for writing this language to support students and define what it means to support students and eventually have an article in title 5. We are still working to define what correspondence is and what it requires and have worked on a draft that is still being edited; but it is coming.
7. Updates from Regional Coordinators:
 - a. Kellie Nadler – working with northern CA colleges and participates in local college conversations; answering questions and working with the CO to respond to questions. In the prisons, colleges are coming up with creative ways, like summer book clubs, and staying in consistent communication and continuing efforts around correspondence classes. On campus, working to connect students to resources and keep students enrolled.

Chancellor's Office

1102 Q Street, Sacramento, CA 95811 | 916.445.8752 | www.cccco.edu

- b. Chelsea Esquibias – collaborating with schools and prisons on the obstacles and assisting in problem solving. Working with colleges to plan for summer and fall. Obstacles – collecting assignments and working to overcome these logistic issues. On campus – future funding and issues with technology; gaining access to tech and knowing how to use it. Also working to strengthen student clubs and support on campus.
 - c. Javier Rodriguez – on campus programming. Working with retaining students and supporting students to continue to stay on course and participating in local committees. Working with the CO on fall classes and providing guidance and assistance to colleges around correspondence education.
- 8. Planning for fall and thinking about spring.
 - 9. Working with the community college network to come up with ideas that support students on-campus and incarcerated.

CDCR Updates

- 1. Main goal is to continue working to ensure students keep learning; facilitating exchange of packets through correspondence education
- 2. Working to increase usage and acceptance of technology
- 3. Developing new high school diploma curriculum OCE
- 4. Closure of prison institutions – not sure which one, not speculating
- 5. Working on developing relationships with CSUs LA and CSU Sacramento to allow for these colleges to teach face-to-face in the fall
- 6. Technology budget was slashed, but thankfully rehabilitative programs were not cut.
- 7. Working to pilot online registration in labs. This would allow access to CCCApply in real time.
- 8. Purchased 2,400 computers that are wireless and access internet. On pause, IT is working to keep up with demands of prisons and have put this on the backburner.

DJJ updates:

- 1. May revise includes money that will allow DJJ to send students back to their counties. Plan is tentative and the finalized budget will show what programs will have funding.
- 2. Jan 1 – stop intake and return students to their communities.

Committee Goals and Charter

- 1. Keeping these goals broad and open on what we want to highlight
- 2. Data collection
- 3. Establish guiding principles
- 4. Advocate for AB 109 funding
- 5. Vision goal #1 – change ‘youth authority’ to ‘Division of Youth Justice’
- 6. Modify courses on canvas so they are prison safe

Chancellor Office Updates

1. Conference of Colleges – the in-person conference, originally re-scheduled for October 2020, was cancelled due to COVID. We have been holding online conferences and plan on hosting an online statewide conference on October 18th and 19th. Email Marissa Anderson at Manderson@cccco.edu if you're interested in attending.
2. AB2341 – The bill would have established and funded the Rising Scholars program, but was unfortunately stalled due to COVID; we attempted to get it into trailer bill language, but that also didn't work. There is a lot of interest and support for the bill and hopefully it will get passed in the future
3. We have continued to host monthly zoom meetings with the colleges for both inside and on-campus programs. Attendance has been strong with 80 and 90 people signing on; we encourage student participation and have gotten student engagement and input. During meetings we seek to provide Chancellor Office updates and brainstorm / facilitate conversations around problems and solutions that have come up.
4. We are working to collect data on the number of students on-campus for the legislative report that is due in 2022.
5. CCCApply question – it is a challenge to answer how many students are on-campus; the most convenient way to collect this information is through crafting a question to be placed on CCCApply. We need this information to report to the legislature and as a mechanism to provide our students with a voice, but we need to create a question that makes them feel safe in answering this. We will be

conducting student-centered testing on how to formulate this question so that they feel comfortable in disclosing this sensitive information.

6. We are partnering with the academic senate to decrease faculty turnover and create a faculty focused training module.
7. Communications push – we want our students to appear in regular communication channels in the CO, FCCC and CC campus communications. We want to highlight that our students are apart of the CC community. If you have anything to share, please send it to Regional Coordinators so we can send these stories out.
8. Hosting a student centered webinar – hoping to get approval to have a broader conversation with students (possibly in November)
9. The Corrections to College website is moving onto the Foundation for California Community Colleges page. It will be an independent website that has links on the FCCC and CO page; it is being reworked to be focused on the Community Colleges. This should be done in a couple weeks
10. We are working to crosswalk CDCR CTE courses with CCC CTE courses in the hopes of linking the two and providing credit for prior learning to thousands of students that have taken CDCR's CTE courses
11. Most colleges will remain remote in the spring, but that is a local decision. If a prison opens up, but a college is operating remotely it would be a local decision to go into the prison. However, it's a decision to be made by unions and local districts if schools will go in.
12. Regional Coordinator updates:
 - a. Chelsea Esquibias – Central Valley and San Diego – colleges are facing obstacles in ensuring students voices are heard in an online platform. Students may be struggling with technology access or knowledge of how to operate programs – to overcome this, college on-campus programs have set up workshops and mentor programs for students. On the inside, colleges are struggling collecting coursework via correspondence; successful programs have expanded partnerships with prisons/jails to get coursework back to students/professors. Organization is also essential in ensuring timely and easy distribution of materials.
 - b. Kellie Nadler – Northern California + Bay Area – colleges have really showed up and are committed to support students during this time. Colleges have shown promising practices in supporting students that are missing the face-to-face classroom connection; one college has created tutoring units that provides incarcerated students with interaction opportunities. Skyline College's on-campus program has created an ally institute to better involve justice-involved students in equity programming. Overall, the most successful programs are those that hire a previously incarcerated student lead to their on-campus program.
 - c. Javier Rodriguez – Orange County + Los Angeles areas– retention has impacted on-campus programs. Computer literacy/ adjusting to online courses has been difficult to for students, but colleges are hosting study sessions, providing laptops/ access to Wi-Fi helps to help those struggling. Collaboration between districts and colleges have helped students with transferring and getting needed units. Unfortunately, colleges inside have seen a decrease in course offerings, but colleges/professors are still committed to the students.

CDCR Updates

1. Institutional schools are beginning the process of re-opening – this is dependent on number of COVID cases; all re-opening plans include distance and hygiene efforts. This information is available on CDCR's [website](#).
2. If a college is struggling with drop-off/delivery, contact Shannon Swain and she can assist

3. Martin Griffin is in charge of Distinguished School (DS) program; CDCR met the qualifications in San Diego to open the 2nd DS program.
4. Shannon Swain is speaking to high school counselors to address school to prison pipeline
 - a. Working on a new steering committee, 'Government Alliance on Race and Equity' to address challenges with race/gender challenges within CDCR
 - b. Met with University of California, Irvine to create a bachelor program at RJD to offer BA degree
5. ASL courses – designed an ASL pathway with Southwestern at RJD to provide courses
6. Working with fire camps to move towards a fire safety certificate at more locations throughout the state (Ventura had a successful program that they hope to duplicate)
7. Technology update – CDCR hopes to have security issues fixed soon; working through hiccups with CANVAS mainly surrounding privacy and contractual issues

DJJ updates:

1. Ventura College has recently become a part of the Rising Scholar network and serves students in DJJ and are working on building an on-campus program
2. This week, DJJ brought students back into the classroom (they are able to do so because of smaller class sizes and are following mandated social distance guidelines)
3. In January they hope to introduce CANVAS at DJJ to provide courses/distance learning opportunities

Charter Statement

The Rising Scholars Advisory Committee edited the Charter Statement and will continue to provide edits to this document.

Correspondence update

1. There are new Federal changes to correspondence regulations that are to go into effect in 2021
2. CCCCC (5C) is the official recommending body of any Title 5 curriculum changes – 5C and other faculty realized that there was a void in recommendations made to correspondence education
3. The correspondence regulations address our expectations of our faculty and staff to uphold the promise of a quality education to our incarcerated students; the expectations are the same of those teaching correspondence as they are of those teaching on campus
4. Alignment of faculty around the Chancellor's call to action on equity/anti-racist instruction and how that will be delivered/received through correspondence education. We are working to be proactive of potential issues and what we can do to address the need for curriculum that is manageable. Training faculty around this sensitive curriculum is essential and we will be moving that direction in the future

Guiding Principles for Rising Scholars

The committee discussed what it means to be apart of the RS network and how we envision serving our student population. A draft document was shared and was discussed; it is meant to serve as a guiding document that gets passed on to continue having an effective guiding committee.

Future Meeting Dates

The group decided it be more efficient to go back to meeting four times a year as opposed to three. The upcoming meetings are as follow:

- | | |
|--|---|
| - December 3 rd , 2020 9:30 – 12:00 | - June 10 th , 2021 9:30 – 12:00 |
