Notes:

General Session Room:

The hybrid general session rooms will have a camera and videographer feeding the live video to Pathable so online attendees can see the presentation synchronously. Audio will not be available from Pathable to the live-room, so a staff moderator will be monitoring the chat in Pathable and relay questions to the presenters. The Pathable room will be a webinar room, so interactivity will be limited (e.g. no breakout rooms).

Breakout Session Rooms:

Breakout session rooms will have a camera and videographer feeding the live video to Pathable so online attendees can see the presentation synchronously. Audio will not be available from Pathable to the live-room, so a staff moderator will be monitoring the chat in Pathable and relay questions to the presenters. The Pathable room will be a meeting room. Interactivity may be limited due to audio limitations.
